Athlete Safety Policies and Procedures
Updated: November 2026

I. OVERVIEW

The Protecting Young Victims from Sexual Abuse and Safe Sport Authorization Act of 2017 authorizes the U.S. Center for SafeSport to develop training and policies to prevent abuse—including physical, emotional, and sexual abuse—within the U.S. Olympic and Paralympic Movement. 36 U.S.C. § 220542(a)(1). Federal law requires that policies to prevent abuse contain reasonable procedures to limit unobservable and uninterruptible one-on-one interactions between an amateur athlete, who is a minor, and an adult, who is not the minor's legal guardian, at facilities under the jurisdiction of organizations within the U.S. Olympic and Paralympic Movement. 36 U.S.C. § 220542(a)(2).

This policy provides clear Athlete Safety requirements to support USA Archery Clubs, State Associations, and Events in creating a safe and positive environment for all athletes. It outlines expectations, consistent with safety standards, and encourages proactive interventions to prevent misconduct.

PART ONE: POLICIES

I. CLUBS REQUIREMENTS

In addition to meeting the requirements outlined in the USA Archery Club Terms and Conditions, Club Directors are responsible for implementing the following proactive interventions to promote and maintain a safe environment.

a. Range Pass

A Range Pass is required for any club employee, club officer, volunteer, instructor, coach, judge, administrator, athlete or member, whom is also an Adult Participant, who is formally authorized or appointed to a position of authority over or will have regular contact with minor athletes within a USA Archery club activity.

A Range Pass requires the Adult Participant to have a current USA Archery Membership, Background Screening, and SafeSport Training.

It is the responsibility of Club Director, or their designee, to monitor and enforce the requirements as set forth in these policies.

Please note USA Archery Level 1 Instructors that will have routine access to minors within a USA Archery or Club event or activity are required to obtain a Range Pass as there are no built-in dependencies for this instructor type (e.g. current Background Screen and SafeSport Training). Level 2 and higher instructors and coaches DO NOT need to apply for a Range Pass.

To add a Range Pass to your profile, log into your USA Archery account (https://usarchery.sport80.com/login):

- Select “View Profile”
- Select “Training History” in the menu directly under your name
- Click the button for Add Other Certification (right-hand side of screen)
- Click Add next to USA Archery Range Pass
- Complete Form and Click Add

b. Athlete Safety Resources

Club Directors have access to various Athlete Safety resources which may be posted throughout the facility. Posters are not required but highly encouraged.

Three club posters are available and can be found in *Part 3: Athlete Safety Resources* of this policy:

- Range Pass
- MAAPP
- How to Report

II. EVENT REQUIREMENTS

In addition to complying with the requirements set forth in the USA Archery Code of Conduct, USA Archery Safe Sport Policy and Background Screen Criteria and Review Policy, the USA Archery Minor Athlete Abuse Prevention Policy (MAAPP), and the U.S. Center for SafeSport Code, Event Organizers are directly responsible for monitoring and enforcing the requirements outlined below. These requirements apply to all sanctioned USA Archery events, including local, state, regional, collegiate, and national events.

USAA and/or the U.S. Center for SafeSport may audit any USAA sanctioned event at any time to verify compliance either in person or through a request for compliance information.

The requirements set forth detail the mandatory expectations for compliance, while *Part 2: Athlete Safety Procedures* provides a comprehensive framework for the practical application of these requirements, including step-by-step instructions, resources, and other supporting material.

Event Personnel whose role requires them to have Restricted Area Contact/ Field of Play Access at a USAA sanctioned event or serve in a position of authority, must have the following current requirements prior to the event and valid through the duration of the event.

Event Personnel who do not meet requirements are not permitted to participate or must be placed in a role with no routine contact or authority over minor athletes.

- **Background Screening**

- **SafeSport Training:** All Adult Participants, including Day-Of Participants, who are required to complete SafeSport training have completed this training within the previous 12 months. If training is not current, the Adult Participant must be prevented from participating or participate in a role that does not include regular contact with or authority over amateur athletes who are minors in any event, program, activity, and/or competition under the oversight of the USOPC, USA Archery, USA Archery Clubs and/or State Associations.

iv. Event Personnel – NO Restricted Area Contact/ Field of Play Access

Event Personnel whose role DOES NOT require them to have Restricted Area Contact/ Field of Play Access at a USAA sanctioned event and do not serve in a position of authority, must, at a minimum, have the following current requirements prior to the event and valid through the duration of the event.

- **USA Archery Membership or Non-Athlete Pledge Form**

- **Eligible to Participate:** All Participants, including Day-Of Participants, on the Organizational Exclusion List (OEL), are prohibited from participating in all events, programs, activities, and/or competitions under the oversight of the USOPC, USA Archery, USA Archery Clubs and/or State Associations.

Event Personnel WITHOUT Restricted Area Contact Contact/ Field of Play Access at a USAA sanctioned event and who do not serve in a position of authority are not required to have a current USAA Background Screening nor U.S. Center for SafeSport Training as any contact with Minor Athletes is incidental and observable, which is in part due to the event layout, which is open, observable, and interruptible, and limits the possibility of impermissible one-on-one interactions to occur.

d. Tracking and Communications

Event Organizers must complete the Event Tracking Tool, send required communications to Participants, and provide records to USA Archery.

i. Participant List

USA Archery's membership services platform will automatically generate a participant list of all athletes registered to compete at the event.

Event Organizers who forego using USA Archery's membership services platform will be required to ensure that there is an accurate and up-to-date participant list, to be retained for audit purposes and provided to USA Archery upon request.

ii. Event Personnel Tracking Tool

Event Organizers must complete the Event Personnel Tracking Tool prior to the event to confirm that all Event Personnel meet current requirements and that those requirements remain valid for the duration of the event.

The following information should be included:

- Email Address
- Event Role

- A summary of MAAPP;
- A direct link to MAAPP; and
- Expressly state how to report Sexual Misconduct, Emotional Misconduct, Physical Misconduct, or violations of the MAAPP.

Event Organizers are strongly encouraged to use the MAAPP and Reporting Communication template provided in Part 2: Athlete Safety Procedures.

iv. Records and Retention

All tracking and communications should be retained for 5 years for audit purposes and must be available upon request.

e. Pre-Event Meeting

Event Organizers should remind Judges and Officials of the MAAPP requirements, and how to report Sexual Misconduct, Emotional Misconduct, Physical Misconduct, or violations of the MAAPP.

f. Restricted Areas

i. Risk Assessment

Event Organizers should conduct a pre-event Risk Assessment and eliminate all areas of potential or actual vulnerability as it relates to MAAPP. Event Organizers should look to identify areas that pose or are a risk for one-on-one interactions, including areas that unobservable and uninterruptible.

ii. Field of Play

Event Organizers must restrict the Field of Play and other areas that are not observable nor interruptible. There are no restrictions as to whom may spectate in

the spectator area.

To restrict the Field of Play, Event Organizers must cordon off the Field of Play from the spectator area. This can be done with a physical barrier like caution tape, rope or a fence or a taped line on the ground. The Event Organizer may also include signage that states “Athletes Only Area” or “Restricted Area”.

Only individuals with credentials can enter the Field of Play. Credentials are indicated by a specific visual identifier.

Registered Athletes and Event Personnel must receive credentials for every sanctioned event.

If Coach credentials are offered, Coaches can enter the Field of Play.

iii. Other Restricted Areas

If Event Organizers are using a trailer, storage or Conex box, or are aware of any other unobservable or uninterruptible areas that present a high-risk, the Event Organizer must take measures to ensure that these areas are restricted, locked, or monitored

Event Organizers should post information Athlete Safety posters on any unlocked door that leads to an area that is not observable and interruptible (example restrooms/locker rooms etc.) for which competitors and spectators will utilize. An Event Restroom Tracking spreadsheet is available for Event Organizers in *Part 3: Athlete Safety Resources* of this policy.

Event Organizers should conduct random checks in these areas throughout the event to ensure areas remain safe.

g. Athlete Safety Posters

Event Organizers must post Athlete Safety posters throughout the venue. There are four posters provided to Event Organizers in *Part 3: Athlete Safety Resources*:

- Athlete Only Area or Restricted Area
- MAAPP How to Report a Concern
- MAAPP General Event Signage
- MAAPP Locker Room Event Signage (If Applicable)

A check-in/ registration table placemat is also available with QR Codes and direct links to MAAPP and explicit reporting protocols.

- **Eligible to Participate:** All Participants, including Day-Of Participants, on the

Organizational Exclusion List (OEL), are prohibited from participating in all events, programs, activities, and/or competitions under the oversight of the USOPC, USA Archery, USA Archery Clubs and/or State Associations.
    - If an individual is listed on the OEL, the Event Organizer must rescind the individual's registration, notify the individual that they are not eligible to participate due to their standing on the OEL, and notify USA Archery.

- **Receive a MAAPP and Reporting Communication:** Individuals must be provided:

    - A summary of MAAPP;
    - A direct link to MAAPP; and
    - Expressly state how to report Sexual Misconduct, Emotional Misconduct, Physical Misconduct, or violations of the MAAPP.

    This can be provided as follows:
    - Option 1: By email as outlined above in Section *d. Tracking, iii. Minor Athlete Abuse Prevention Policies (MAAPP) and Reporting Protocols*;
    - Option 2: By verbally cuing individuals to scan and review the QR code as provided below in *Part 3: Athlete Safety Resources, MAAPP QR Code* AND the *How to Report* posted.
    - Option 3: By verbally cuing individuals to scan and review the QR code as provided below in *Part 3: Athlete Safety Resources, Check-in Placemat* with links to both MAAPP and Reporting Protocols.

    If the Day-Of Event Personnel already received a MAAPP and Reporting Communication as a parent/guardian of a participant, another communication must be provided, although redundant, to confirm the new role.

Day-Of Event Personnel must be logged on an Event Tracking Tool as provided here. An updated Event Tracking Tool must be shared after the event (send to: athletesafety@usarchery.org).

i. Visual Identifiers

It is at the discretion of the Event Organizer to determine how visual identifiers must be displayed.

Credentials must be issued prior to accessing a restricted area or the Field of Play.

j. MAAPP Announcements

Event Organizers are encouraged to make MAAPP announcements throughout the event. Sample announcements are provided in *Part 3: Athlete Safety Resources* of this policy.

k. Monitor Restricted Areas/ Field of Play

Event Organizers, if staffing permits, should station volunteers at entry points to restricted areas and the Field of Play to monitor access and check credentials.

Any individual who deliberately does not follow the policies and procedures as set forth, including intentionally or recklessly attempting to enter a restricted area or the Field of Play without the proper credentials is subject to disciplinary action under USA Archery's Disciplinary Proceedings and Grievance Policy.

III. COMMUNICATION OF THIS POLICY

At a minimum, annually, USAA will communicate this policy to Event Organizers through targeted email communications. USAA automatically communicates this policy to Event Organizers at time of event sanction requests via the automated email and it is also included in the event terms and conditions Event Organizers agree to at time of event sanction.

IV. ADDITIONAL REQUIREMENTS

USAA is committed to protecting opportunities for athletes participating in sport. USAA will continue to collaborate with various stakeholders with oversight responsibilities, e.g., IOC, IPC, USOPC, to ensure that women have a fair and safe competition environment consistent with Executive Order 14201 and the Ted Stevens Olympic & Amateur Sports Act, 36 U.S.C. § 22501, et. seq.

V. FAILURE TO COMPLY

Any Event Organizer who deliberately does not follow the policies and procedures as set forth in this document or is reckless in the implementation of policies and procedures is subject to disciplinary action under USA Archery's Disciplinary Proceedings and Grievance Policy.

PART 2: ATHLETE SAFETY PROCEDURES

These written procedures were developed to function in conjunction with USA Archery's Athlete Safety Policy and includes all steps the Event Organizer must take to ensure compliance with event audit standards as dictated by the U.S. Center for SafeSport.

Disclaimers:

These written procedures include all steps the Event Organizer must take to ensure that all Adult Participants, including Day-Of Participants, who are required to complete SafeSport training have completed this training within the previous 12 months. If the training is not current, the Adult Participant must either be prevented from participating or assigned to a role that does not include regular contact with or authority over amateur athletes who are minors at any USA Archery sanctioned event.

These written procedures include all steps the Event Organizer and USA Archery must take to ensure all Participants, including Day-Of Participants, on the Organization Exclusion List (OEL) are prohibited from participating in any USA Archery sanctioned events.

USA Archery must demonstrate that Event Organizers for every USA Archery sanctioned event has implemented the written policies and procedures of USA Archery's Athlete Safety Policy.

MAAPP and Reporting Communication Template

Dear (Archer or Event Personnel),

In preparation for the upcoming [Insert Event Name], this email is a formal reminder that all registered competitors and event personnel at a USA Archery sanctioned event, are required to adhere to the Minor Athlete Abuse Prevention Policies (MAAPP) for the duration of the event.

What is MAAPP?

- MAAPP is a proactive prevention policy that aims to prevent abuse of Minor Athletes in sport. MAAPP attempts to accomplish this by providing guidelines for one-on-one interactions between Adult Participants and Minor Athletes during In-Program activities (i.e. Events, Tournaments, Camps, etc.).
- MAAPP is based on the premise that by limiting one-on-one contact and interactions between Adult Participants and Minor Athletes, we are providing a greater opportunity to ensure the safety of our Minor Athletes.
- MAAPP also requires specific credentialing of Adult Participants that will have regular contact with and/or authority over minors (i.e. Coaches, Judges, Event Organizers, etc.).
    - These Adult Participants must have a current USAA Membership or Non-Athlete Pledge, a current SafeSport training, and a current Background Screen on file. Furthermore, they must not be prohibited from participating in sport.
- MAAPP provides information on how to report an actual or suspected violation.
- MAAPP is the policy, and the SafeSport Code is what holds individuals or organizations accountable for policy violations.

*MAAPP does not apply to Adult-Only Programs

To Report a Concern or Violation:
Reporting misconduct is vital to protecting athletes and preventing further incidents.

- **To Report Sexual Misconduct or Child Abuse:** The Center has exclusive jurisdiction to investigate and resolve reports affecting the Movement in these categories. All reports of Sexual Misconduct or Child Abuse, including Child Sexual Abuse, must be reported to the Center - https://uscenterforsafesport.org/report-a-concern/

  If you suspect Child Abuse or Neglect, you must report it to law enforcement, in addition to (and before) reporting it to the Center. If you are an Adult Participant, you are a mandatory reporter and are required by law to do so; know your state's specific criteria.

- **To Report Emotional and Physical Misconduct, or violations of the Minor Athlete Abuse Prevention Policies:** You may make a report to the Center or to USA Archery: https://www.usarchery.org/about/report-a-concern.

For more information on MAAPP Requirements and Reporting Information, to include policies on Meetings, Individual Training Sessions, Manual Therapy and Therapeutic and Recovery Modalities, Locker Rooms and Changing Areas, Electronic Communications, Transportation, and Lodging and Residential Environments please review the MAAPP as stated above.

If you would like more information on the MAAPP or need to access Consent Forms, you can visit USAA's Resource Center, under the Athlete Safety category or visit USAA's SafeSport Page.

Please contact USAA at memberships@usarchery.org for more information.
If you registered on behalf of a family member, please forward this message to them to review.

Kind Regards,
USAA
