Each athlete recipient will be required to execute an agreement with the USOPC and will also be required to sign an Athlete Agreement with USAA, outlining the athlete's commitment with respect to a required training program, camps and events and compliance with USOPC and USAA policies and procedures. If an athlete fails to maintain a Senior recurve national ranking and/or does not participate in required events or camps (**see Appendix A**) or violates their athlete agreement, the Elite Athlete Stipend and EAHI may be eliminated, reduced or given to the next highest ranked athlete who meets the eligibility criteria, on a case-by-case basis, pending approval by USAA and the USOPC. Please note that USOPC Elite Athlete Stipends may increase or decrease from year to year, and the number of athletes supported may increase or decrease from year to year.

Athletes in the Resident Athlete Program, National Elite Program or Regional Elite Program will be required to sign a separate High Performance Program Agreement, which outlines the specific additional requirements, rules and expectations of each program, respectively.

- Pregnancy Clause: A recurve athlete who meets the eligibility criteria for EAHI and/or Elite Athlete Stipends at the time of pregnancy will continue to receive EAHI and/or the same amount Elite Athlete Stipend amount for the duration of the pregnancy, plus for an additional one-year period from the date of birth of the child or end of pregnancy, provided that the athlete remains eligible to receive the Elite Athlete Stipend and agrees that it is their intent to return to competition at an elite level. Receipt of these benefits shall not be conditioned upon any agreement that the athlete must continue to train during pregnancy or for the one-year period after the birth of the child or end of pregnancy. Upon the conclusion of the one-year period, the athlete will then have to re-qualify for EAHI and/or the Elite Athlete Stipend.
- USADA Training: Athletes are required to attend one FREE USADA online training annually. USA Archery will provide the online training schedule and athletes are required to self-register.
- Suspension: When a provisional USAA membership suspension has been imposed, the USOPC shall suspend and accrue Elite Athlete Stipend payments prior to a final determination of any violation. If an Elite Athlete Stipend payment has been accrued and the athlete is subsequently found not to have committed a violation, the Elite Athlete Stipend payment accrued shall be paid to the athlete. For EAHI, no consequences will occur until after a final determination of a rule violation has been found.
