# EXPLORE ARCHERY: INSIDE THE RINGS INDIVIDUAL

#EXPLOREARCHERY  
#INSIDETHERINGS

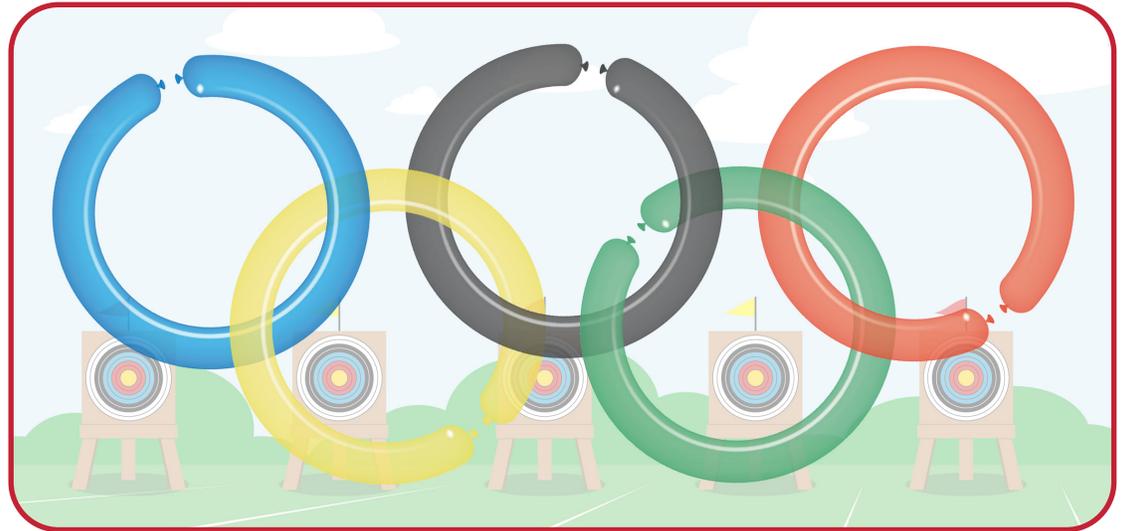

**ACTIVITY TIME**  
20 minutes

**SETUP TIME**  
15 minutes

**SKILLS LEARNED**  
Anchor

## THE POINT

Students who complete this fun activity receive the limited edition **On Target 2020NE USA Archery pin!** Celebrate the Olympic and Paralympic Games with this fun twist on the Olympic Games' five interlocking rings, one of the most recognized symbols in the world. The blue, black, yellow, red and green rings traditionally represent the five different areas of the world involved in the Olympics (North and South America, Africa, Australia and New Zealand, Asia, and Europe). Have archers focus on a consistent anchor point so they can begin predicting where the arrow will go. Correct anchor eliminates shooting high, low, left and right. Keep this game fun and exciting by playing music and setting time limits.

## EQUIPMENT NEEDED

- Six arrows per student, different or distinctive for archers sharing a target.
- Long, thin balloons (the ones used to make balloon animals), five per target.
- Target pins.

## RANGE CHANGE

- Place two quivers at each target.
- Blow up five balloons per target, different colors if possible (blue, black, yellow, red and green).
- Tie the lips of each balloon together to make a loop.
- Pin the five different colored balloons onto each target in the shape of the Olympic Rings. You may need to use string to make sure the balloons hang properly. Only pin the open (lip) end of the balloon onto the target.

### AWARDS MATCH

On Target 2020NE  
USA ARCHERY PIN

# EXPLORE ARCHERY: INSIDE THE RINGS INDIVIDUAL

#EXPLOREARCHERY  
#INSIDETHERINGS

## PROCEDURE

---

1. Place six arrows into each archer's quiver. Make sure that students sharing a target have different colored arrows or fletching.
2. Have archers shoot until they have one arrow inside each ring or they have shot all their arrows. The goal is to honor the Olympic symbol by shooting through the rings, not popping the rings.
3. Archers with an arrow through each ring (or the most rings) wins an ***On Target 2020NE USA Archery pin!***
4. Once all archers have shot, have them retrieve arrows.

## BEHIND THE LINE

---

- Have students do games and activities from the ***On Target for Tokyo 2020NE Club Guide.***
- Have students guess who they think will win individual and team medals and what the scores will be.
- Design a symbol and motto for your club or team.

**SETUP TIME**  
15 minutes

**SKILLS LEARNED**  
Raise Bow

**AWARDS MATCH**  
On Target 2020NE  
USA ARCHERY PIN

## THE POINT

Teams who complete this fun activity receive the limited edition On Target 2020NE USA Archery pin! Follow the Olympic Torch through history as you follow the past 10 Summer Olympic and Paralympic Games starting in Los Angeles 1984 and ending at present day Tokyo 2020. The Olympic Torch is used to light the Olympic Flame at the Opening Ceremony and stays lit until the Closing Ceremony.

Students will focus on the bow arm since gravity can make the bow arm drop before taking a shot. Draw the archers' attention to where the bow is in relation to the target once they've raised their bows. The natural reaction of the bow arm to gravity is to drop, so make sure the archer's bow hand stays at shoulder height.

## EQUIPMENT NEEDED

- Three arrows per student.
- Paper or cardboard, pens and pencils, and markers or paints.
- Target pins.

# EXPLORE ARCHERY: ON TARGET 2020NE FUN SHOOT - TEAM ROUND

#EXPLOREARCHERY  
#ONTARGETFORTOKYO

## RANGE CHANGE

---

- Have each team create their own torch. For inspiration visit this [page](#) to see all past torches.
- Place two quivers at each target, one target per team.
- Pin the teams torch in the middle of the target.

## PROCEDURE

---

1. Place three arrows into each archer's quiver.
2. Have archers shoot at their teams torch until they have shot all their arrows.
3. For each arrow through the torch, teams place one Olympic icon onto their map, starting with Los Angeles 1984 and moving forward. The instructor also keeps track by checking off how many locations each team has reached.
4. The first team to reach Tokyo 2020 wins!
5. Once all teams have reached Tokyo 2020 then all team members get an **On Target 2020NE USA Archery pin**.

## MODIFICATIONS

---

Start at a year that's easier for your archers.

## SHOOT FOR THE GOLD

---

Go back as far as you'd like to increase the challenge for teams.

## BEHIND THE LINE

---

- Have students do games and activities from the **On Target for Tokyo 2020NE Club Guide**.
- Have students guess who they think will win individual and team medals and what the scores will be.
