National 3D Collegiate Championships Team Round

General Rules:

- The Saturday Mixed Team Shootdown is conducted in front of the spectators in an arena area
- Team Rounds are conducted at the tournament venue in front of spectators
- Team Captain may make substitutions no later than one hour before scheduled start of the Team Round
- Team Round is competed in 3ea 3-arrow ends shot on 3 separate sets of targets
 - Each team will shoot its own targets
 - Identical targets will be set at identical distances (known) for each end
 - Teams will shoot each end simultaneously
 - At the end of the match the team with the highest aggregate score advances and the defeated team retires from the field of play
- Mixed Team scores are determined by combining the highest male and female score from each competition division for each school.
- Teams shoot and score their match targets through the Bronze Medal match using double scoring and must agree on the score before arrows are pulled from the target
- The 14-ring is in play during the Team Rounds
- Any arrow pulled from a target before the score is agreed upon is scored as a zero
- Groups must score the arrows for each round. Any dispute must be settled by the group and final arrow scores determined before pulling any arrows from the target.
- Bronze Medal Matches are shot simultaneously and scored by the teams
- Gold Medal Matches are shot simultaneously and scored by the teams
- **Team Round:**
 - 3-person teams in each class
 - Field will be cut to the top 8 teams and competition will start in the 1/4th round
 - Top 3 competitors from each school are automatically selected for competition in each class
 - If there are only 3 teams, the Team with the lowest aggregate score will automatically be awarded the Bronze Medal and the two higher placing

Teams will compete for Gold and Silver Medals

Mixed Team Round:

- Mixed Team scores are determined by combining the highest male and female score from each competition division for each school.

Saturday Night Mixed Team Shootdown (not counted toward Overall Team Championship Award):

- Each school may participate with one team of 3 archers
- Schools select their own teams
- The teams will have three different types of bows:
 - At least 1 compound bow (only one Open and/or one Hunter per team)
 - At least 1 Olympic and/or Barebow (only one of each)
 - At least one female archer on each team
- 2 Stakes will be set, one at a 45-yard max and one at a 30-yard max (known distance)
- All compound bows will shoot from the 45-yard max stake and all recurve/barebow will shoot from the 30-yard max stake
- Front stake archers will shoot first followed by the back stake archers. Teams must shoot 3 arrows in 4 minutes from the signal to start. This allows teams with 2 compound bows time to finish shooting if there are teams with 2 recurve type bows shooting from the close stake
- Each team will shoot one arrow per archer at 5 targets in rotation
- Teams decide by coin toss or other method which side they will shoot from and will continue to shoot from that side throughout the event
- Start will be a “shotgun” start
- Teams that start on targets other than #1 will rotate out and queue up, waiting their turn for target #1 so they may shoot the remainder of the targets
- 6 pairs of targets will be set so that there are 12 teams shooting simultaneously providing for double scoring
