Team Rounds:

Team Rounds are an optional component of the JNC and will be held in accordance with the JNC rules. If there are fewer than four (4) archers in any division, there will not be a team round for that division.

All teams will be randomly assigned 3 archers, one each from the top 1/3, middle 1/3 and bottom 1/3 of the participating archers in the category based on Thursday's qualification round, and randomly placed into brackets to determine matches.

Archers should indicate team round participation during online registration and confirm participation during athlete check-in.

Deadline for confirming JNC team participation is end of day Thursday, July 11, 2019.

The Practice Field may be closed on the team round day to accommodate team competition.

Registration and Payment:

Scoring:

Electronic scoring will be used at this event. The paper scorecard will be the final determinant in any discrepancy between the electronic scorecard and the paper scorecard for the value of each arrow. Make sure to fill in your scorecard completely and legibly. A miss is marked on the scorecard as an "M". In outdoor competitions, the inner ten-ring is marked on the scorecard as an "X". Arrow values may not be changed once the arrow is removed from the target; however, addition may be corrected at any time before the scorecard is signed and submitted. Scorecards shall be submitted to the scoring team upon completion of the round, no later than one hour after the end of shooting. The scoring team is not obligated to correct mistakes found on a scorecard. Please be sure to check and double check scorecards before submitting!
