2. **DISCRETIONARY SELECTION (if applicable)**

- 2.1. Provide rationale for utilizing discretionary selection (if any):

- 2.2. List the discretionary criteria and explain how they will be used (if any):

The Bipartite Allocation Slots are awarded by the International Paralympic Committee and World Archery to athletes directly by name and USA Archery may apply for Bipartite slots per the discretionary criteria outlined below.

Bipartite Invitation Allocation Method:

The International Paralympic Committee and World Archery allocates bipartite slots based on the principles below (in no particular priority order):

- to ensure the participation of top athletes who may have not had the opportunity to formally qualify through other methods due to extraordinary circumstances;
- to ensure the representation of athletes with a severe impairment;
- to ensure medal events will have sufficient representation for viability; and
- to enable greater representation by gender.

Prior to awarding Bipartite slots the International Paralympic Committee and World Archery may invite each National Paralympic Committee to submit an application requesting that an athlete or athletes be considered for a Bipartite slot.

USA Archery may, but is not required to, submit an application for a Bipartite slot depending on whether or not, as determined by the Paralympic Archery Team Selection Committee (Section 2.3), there are athlete candidates who meet the above principles and who are capable of a top three (podium) result, can positively impact team performance, or are considered to be on track to produce a top three (podium) result in the near future.

The Paralympic Archery Team Selection Committee shall be responsible for making any such selection. Provided, however, that prior to using discretionary appointment, USA Archery will attempt, if possible, to use the final results of the Paralympic Trials. If this is not possible due to time constraints or limitations by the International Paralympic Committee or World Archery, USA Archery will attempt to identify, in advance, a competition or specific event by which the nominee will be chosen.

The final decision of any Bipartite slots will be at the sole discretion of the International Paralympic Committee and World Archery. USA Archery will disclose on its website the submission of particular athletes for the Bipartite slot.

If a Bipartite slot is awarded to an athlete by name, USA Archery will accept such athlete to the Tokyo Paralympic Team pending United States Olympic Committee's approval. USA Archery will disclose on its website the name of any athlete named to the Team through the Bipartite Invitation Allocation Method.
