

2021 Collegiate Target Nationals

Hello Archers! We are so excited to join you in Richmond, VA for this [year's Collegiate Target Nationals](#). [Virginia state COVID-19 guidelines](#) will be followed for the event. Dorey Park has successfully hosted several sporting events and tournaments in the last few weeks and is very prepared to host USA Archery.

We want to assure you we are in compliance with local and state health and safety guidelines as your well-being is our highest priority. The following procedures will be in place to ensure a safe and smooth event – please help us help you by coming prepared:

- ❑ **Social Distancing** – Executive Order, 4th Amended Number 72 allows for outdoor sports with no distancing requirement for participants. The format for this year's event will return to 4 archers/target.
- ❑ **Limited Field Access:** Coaches, support person(s), and spectators/minors will be limited to outside the field of play.
- ❑ **Spaced Schedule** – the event schedule has increased time between shooting sessions to allow for adequate sanitization of shared-touch areas and to ensure no overlap in attendance. Archers will be welcome to enter the venue no earlier than one hour prior to their assigned shooting time, when informed it is safe to do so, and will be asked to leave as soon as possible following the completion of shooting. Archers may only be at the venue only during the designated shooting time for their division.
- ❑ **Masks** – Spectators must wear masks over their nose and mouth at all times, and 10' of distance must be maintained between spectators who are not Family members.
- ❑ **Hand Sanitizer** – While high touch areas will be sanitized regularly, archers are encouraged to take care and sanitize often.
- ❑ **Water** – USA Archery will provide individual bottled water for archers. Please note, the water will not be in ice, feel free to bring your own coolers.
- ❑ **Daily Health Safety Survey** – In compliance with state regulations, all event attendees will be required to complete a health safety survey daily (found in your welcome packet at check-in) and submit to a temperature check via IR thermometer. The survey will ask about common COVID-19 symptoms and exposure concerns.
- ❑ **On-Site Medical** – If you are feeling unwell, report to medical immediately.

We look forward to seeing you in Richmond. Any questions can be directed to events@usarchery.org.

This event will be updated to reflect latest guidelines according to the State of Virginia: Last update 4.14.21
