Outdoor World Cup Team Selection Procedures

Overview

Athletes will be selected to attend World Archery Outdoor World Cup events each year based on either USA Archery's United States Archery Team (USAT)/National Ranking System (NRS), current year World Archery Outdoor World Cup Final individual ranking points, and in some cases a Minimum Qualifying Score (MQS) or current year's World Championships Team Trials or Olympic Team Trials rankings or results. Funding for events will vary from year to year based on budgets. Budgets are normally finalized by December of the prior year.

Minimum Qualifying Scores: Eligibility and Funding

In order for an archer to be selected to a World Cup team for a funded position, that archer must have shot the Minimum Qualifying Score (MQS) provided in Table 1. at a United States Archery Team (USAT) Event and/or World Ranking Event within the 24 months prior to the date of selection notification as indicated by the selection procedure.

Exceptions

In Olympic Games and World Championship years, the World Cup event prior to the World Championships or Olympic Games, may be used for World Championship and Olympic Team Training. In the event that an Outdoor World Cup event is used for this type of training:

1. The final team (top 3 archers per division plus the alternate) selected for the World Championships or Olympic Team will be appointed to the Outdoor World Cup Team. **This exception will be posted in the Selection Procedures for that Olympic Games or World Championships event, if applicable.**

1.1. The MQS will not be required for team selection or event funding for the individuals selected to a World Cup team based on their selection to a World Championship or Olympic Team.

2. The archers who finished in the top three of the World Championships or Olympic Games Trials will have automatic placement for World Cup Team Round competition. Additionally, these individuals will be selected for the Mixed Team Round in order of their placement in the qualification round at the World Cup event. If one or more archers declines to attend the World Cup event, the positions on the team will be offered by order of placement as follows:

2.1 Top 10 World Archery Outdoor World Cup individual rankings for that year.

2.2. If no archers are ranked in the top 10 of the World Archery Outdoor World Cup individual rankings for the current year, archers will be selected based on the Outdoor World Cup Selection Procedures for the corresponding World Cup event.

1. Other International Events Selection Procedures

- 1.1 If other self-funded international invitational event(s) without a unique trials process become available throughout the year, invitations to participate will be extended to the highest-ranking archers by the following criteria:
 - 1.1.1. **Senior Division** – For international events occurring prior to July 1st, 2021 archers will be selected based on the Senior NRS as of 12/31/19, followed by the top four Junior USAT archers as of 12/31/19. Any remaining positions will then be offered by order of placement to any archers in the Senior NRS as of 12/31/19. For events occurring after July 1st, 2021 these positions will be offered by order of placement from the NRS 60 days prior to the event. If the “60-day prior” to the event timing falls over the top of a current NRS ranking event, the results of the NRS ranking upon completion of that event will be used to determine the selection of the team. If the invitation is received after the 60 days’ timeframe, individuals will be selected based on their Senior NRS/Junior USAT ranking as of the date the invitation is received.
 - 1.1.2. **Junior, Cadet and/or Master Divisions** - For international events occurring prior to July 1st, 2021 archers will be selected based on USAT as of 12/31/19. For events occurring after July 1st, 2021 these positions will be offered by order of placement from the USAT rankings 60 days prior to the event. Athletes will only be selected if they are still eligible to shoot the age division for which they are selected. Athletes who are ranked in the Senior division, but also meet the age guidelines for either the Junior or Cadet division will be required to compete in the Senior Division.

EXCEPTION: If an international event will be utilized to determine USA Archery’s quota slots for a future delegation event such as the Junior Pan Am Games, athletes who are on USAT in the Senior division, but also meet the age guidelines for the Junior division will be selected first followed by athletes who are on USAT in the Junior division. For international events occurring prior to July 1st, 2021 archers will be selected based on USAT as of 12/31/19. For events occurring after July 1st, 2021 these positions will be offered by order of placement from the USAT rankings 60 days prior to the event.
 - 1.1.3. **Barebow Senior Division** - If the event offers a category for the Barebow Senior Division, final placement in the Barebow Senior Division from the 2019 USA Archery Target Nationals and U.S. Open elimination rounds will be used to select the team.
- 1.2 Ties will be broken by the archer's highest placement at the 2019 USA Archery Target Nationals and U.S. Open or JOAD Target Nationals with the higher elimination round ranking archer being selected to the team. If an athlete competed in both the Target Nationals and U.S. Open and JOAD Target Nationals, the Target Nationals will be utilized for the tiebreaker.
- 1.3 Accept and Decline and MQS Verification forms will be sent out and will be extended to the number of athletes per gender and division per the limits set in the official invitation from the event organizer.
- 1.4 The exception to the above criteria is that Olympic Games Test events, may be used for World Championships or Olympic Games Team training. The final (top 3 recurve archers per gender plus the alternate) selected for the World Championships or Olympic Games Team will be selected for the Olympic Games Test Event team.

- 1.4.1 These individuals will also have automatic placement for the Team Round competition. Additionally, these individuals will be selected for the Mixed Team Round in order of their placement in the qualification round at the Olympic Games Test Event.
