LETTER FROM THE CEO

Hello archers,

It is my great honor to welcome you to the 2021 USA Archery Events season. After a tumultuous year of changes, challenges and event cancellations and postponements, we are proud to once again offer you a safe environment for an exciting year of competition. With enhanced safety protocols, social distancing and adherence to the recommendations of public health authorities, we look forward to rejoining the archery family on the field at an incredible offering of events.

In my decades in archery, as a competitor, coach, manufacturer, and as a USA Archery Board Member and eventually CEO, the strength and resilience of the archery community has never been more evident as it is now while we enter 2021 together. None of what we do at USA Archery would be possible without every archer, coach, judge, volunteer, parent, sibling, fan and supporter at every level; we are so thankful to be on your team.

Thank you for joining us and we can't wait to cheer you on to success this season!

Warm regards,

Rod Menzer
USA Archery CEO

USA ARCHERY

OUR MISSION

The mission of USA Archery shall be to enable athletes to achieve sustained competitive excellence in Olympic, Paralympic, World Championships and international competitions and to promote and grow the sport of Archery in the United States.

OUR WORK

USA Archery High Performance Ethos defines the culture that USA strives for in our behavior and values in our athletes, coaches, staff, programs, and teams. This builds an organization members are proud to belong to while achieving our goal to become the best archery nation in the world. Our wins and losses are measured as a team.

Certified Archery Coaches are the foundation of USA Archery's programs, clubs and athlete development pipeline. USA Archery's nationally recognized coach certification courses prepares staff and coaches to deliver high quality programs to beginners in a safe environment that results in life-long archers.

Explore Archery Clubs introduces new audiences to archery in a fun and safe manner.

JOAD Clubs are a great place for youth to learn archery year-round, inside and outside, either recreationally or they can progress to the excitement of competition.

Collegiate Archery Program gives college students the opportunity to compete for individual and national team championships while earning Academic and All-American awards.

Adult Archery Clubs provide the opportunity for adults to learn and progress in archery with their peers. It's also a great place to make new friends, get an upper-body workout, and choose a pathway to achieve individual archery goals.

Certified Judges ensure each event is fair and competitive from local tournaments to World Championships.

RED Program is a competitive training program that selects promising young athletes to train with high performance coaches and peers within their geographic region.

United States Archery Team (USAT) consists of the top ranked male and female recurve, compound and barebow archers in the country. USAT rankings help archers progress and improve in competition at the national level, ultimately leading to the Olympic, Paralympic and World Championship levels.

Olympic and Paralympic Athletes and Teams consist of those dedicated athletes that train to compete for the opportunity to participate every 4-years in the Summer Olympics and Paralympics for the gold, silver and bronze. USA Archery is On Target for Tokyo 2020!

EXCLUSIVE MEMBER RESOURCES

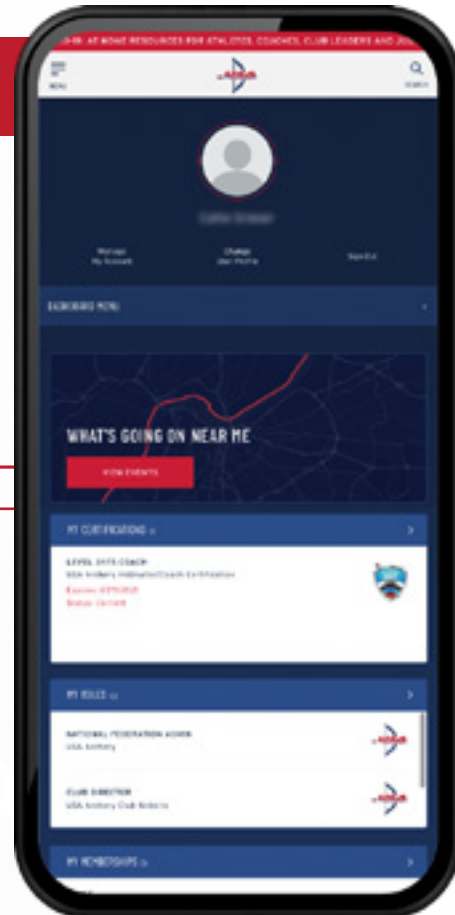

Everything you need to manage and launch your archery journey forward is on the USA Archery Member Dashboard. From educational resources to event registration status and member benefits, you'll find it here.

HOW TO ACCESS MY DASHBOARD

Visit [My Dashboard](#)

Log in using your existing USA Archery Membership Services Account username and password from Sport:80

Bookmark the page for easy access later

WHAT YOU'LL FIND AND WHAT YOU CAN DO WHEN YOU LOG IN:

- Easily access and update your membership account information
- Search Membership Resources such as benefits, important forms and policies including insurance information and the Athlete Safety Reporting Form
- Take advantage of Member-Only discounts; join our Bullseye Benefits discount program
- Find Coach, Athlete, Club and Judge Resources
 - The Member Dashboard combines the features previously found in Mobile Coach with Athlete, Club and Judge Resources. You'll find USA Archery Core Competencies and free tutorial videos and articles. These resources provide a road map for continued education and development.
- Access Adaptive Archery Resources
 - In USA Archery's Adaptive video library and the Adaptive Archery Manual you'll find information on shooting with a mouthtab, prosthetics, shoulder release, and how to introduce new adaptive athletes to the sport and incorporate adaptive athletes into your existing archery program.
- Manage your Teams, Certifications, Events, Roles, and Awards
 - Keep track of your archery certifications and achievements with easy access to teams, event registration and more.
- Find upcoming events near you!

5 TIPS FOR KEEPING KIDS SAFE IN YOUTH SPORTS

USA Archery is committed to providing a safe, healthy and fun learning environment for our athletes. SafeSport is the foundation of USA Archery's commitment to athlete safety.

1 GET EDUCATED

Education is the most important tool for combating misconduct. Use USA Archery's SafeSport resources to help you understand how abuse occurs and what you can do about it. Learn to recognize signs of grooming behavior and boundary violations and know what to do when you suspect a child's safety is at risk.

2 CREATE HEALTHY BOUNDARIES

It's important to establish healthy boundaries between athletes and coaches and have clear expectations about the coach's role. USA Archery club leaders and coaches agree to USA Archery's Code of Conduct and are required to follow the SafeSport Code to ensure there are strong and safe boundaries between adults and athletes.

3 IDENTIFY & ADDRESS HIGH RISK AREAS

For misconduct to take place, an offender needs privacy, access and control. One way to reduce the risk for abuse is to follow USA Archery's Minor Athlete Abuse and Prevention Policy which spells out expectations and creates boundaries for one-on-one interactions.

4 SPEAK UP

If you see questionable behavior, say something! Report all sexual misconduct to law enforcement and file a report with the U.S. Center for SafeSport at SafeSport.org. All other SafeSport violations should be reported to USA Archery at athletesafety@usarchery.org.

5 TALK TO YOUR KIDS!

Physical and sexual misconduct can be a hard topic for parents to talk about with their children. It is extremely important to have these to help prevent your child from becoming a victim of abuse. Ongoing and open conversations with children about their bodies and appropriate boundaries will make it easier for them to talk to you if anyone is making them feel uncomfortable.

HIGH PERFORMANCE ETHOS

The USA Archery High Performance Ethos defines the culture that USA Archery wants to represent through our behaviors. We strive for these behaviors and values in our athletes, our coaches, our staff, our programs, our teams. Ultimately, we believe that living out these behaviors and values will make us more successful as an organization and in return develop more successful individuals. Additionally, this will build an organization that members are proud to belong to while achieving our goal to become the best archery nation in the world.

The High Performance Ethos is defined by specific behaviors we want to exemplify throughout all levels of the organization:

COMMUNICATION

We, the USA Archery members, coaches and staff, will engage in honest, timely and transparent two-way communication.

We will participate in an open dialogue that is appropriate and respectful in all settings and levels of the organization without fear of reprisal. All communication will be delivered in a professional, precise, and timely manner and avoid engaging in rumors or hearsay. This applies to the following: social media, email, phone and in-person communications.

RESPECT, INTEGRITY AND HUMILITY

Our aspiration is to leave behind a legacy through our respect, integrity, and humility.

As members of USA Archery, we will act in accordance with the USA Archery and United States Olympic & Paralympic Committee code of ethics. Our intent is to have a reputation of integrity throughout the world by honoring our uniform, our flag and what they stand for. We respect our team by being on time and focusing on the task at hand. In addition, we show respect on the field of play by valuing all competitors and leaving the venue in better shape than it was found each day. We respect our peers by speaking and listening to others as equals and acknowledging all opinions, individuality and differences. Furthermore, recognition and appreciation is given to all who work behind the scenes and support our everyday operations. Our behavior will be professional and humble when working with others.

TRUST AND STANDARDS OF EXCELLENCE

We, the USA Archery members, develop solid relationships with our teams while striving to bring the best out of ourselves and others.

We build trust in our teams, coaches, athletes and staff through respectful high-candor constructive dialogue. We will own our actions by acknowledging when we fall short of our standards or make mistakes. It is understood that as members of USA Archery, all members will be held to the same set of standards and consequences for behavior that violates our code of conduct regardless of rank, title or position. Additionally, we hold ourselves accountable by doing what is right even when no one is looking.

DUTY, LEGACY AND TEAM PLAYER

We, the USA Archery members accept that it is our duty to provide leadership, be a team player and leave the sport in a better place.

By acting as leaders and team players on and off the field, we enforce respect, unity and sportsmanship. The behavior we strive for is professional, sincere and genuine. Our actions reflect our commitment to be role models for future generations. As a result, we will leave our sport in a better place by teaching others to be leaders, which in turn builds the legacy of the sport, team, country and uniform. Our goal is to create an atmosphere that puts the team above the individual.

ENGAGEMENT AND SUPPORT

We, the USA Archery members, make a serious commitment to be 100% present and "bring our best" to events and training.

We are prompt and prepared to perform successfully at events in all aspects of the sport including the technical, tactical, psychological and physical realms of archery. We take initiative and know the schedule of the event and training. On teams, we support each other and provide motivation. In return, the organization does its best to provide support for athletes and coaches.

PRIORITIES AND FOLLOW THROUGH

Our overarching priority, as USA Archery members, is to be the best country in the world in the sport of archery because we believe we can be the best.

We constantly re-evaluate our objectives, purpose and goals. We define and communicate our action plans and follow through on our deliverables to stay the course. We are committed to putting our words into actions.

SUCCESS

We define our success in our performance on the field of play and in how well we fulfill our Ethos.

We are determined to continually improve ourselves as individuals and as a team. We will continue to progress towards a better future and not become complacent with the way things are by challenging the status quo and taking actions based on this Ethos. Our wins and losses are measured as a team.

COVID-19: STAY SAFE AT USA ARCHERY EVENTS

To keep everyone safe at events, please follow public health guidelines. These guidelines are designed to keep you, event attendees and event staff safe. Events will have specific minimum physical distancing and other health guidelines set by the local, county and state health authorities; adherence will be required for all event attendees and staff.

Maintain 6 feet of safe distance between yourself and others at all times

Wear a mask when not actively shooting

Wash and sanitize hands often

Be at the venue during your designated shooting time only. You may enter up to 1-hour prior to your assigned shooting time and will be asked to leave as soon as possible

Only 1 support person (parent/guardian/coach) per participant permitted at the venue

Archers will be spaced two archers per target, shooting one at a time (A/B format), with targets adequately spaced from each other.

Temperature checks are required for all archers and support persons (under 100.4°F)

Event staff will collect scorecards at target bales or the 3-meter line

Stay up to date. Check your email often before traveling to any event and during the event for updates

Failure to follow any of these guidelines will result in removal from the tournament and the property.

AT HOME

STAY ON TARGET WITH DEVELOPMENT RESOURCES FOR ATHLETES, CLUBS, COACHES & JUDGES

In response to the COVID-19 Pandemic, USA Archery has gathered resources to help you continue to provide yourself, your archers and your clubs with high-quality, focused practice options. Stay safe and healthy and use these tips and tools to keep yourself and your archers on target at home.

52ND USA ARCHERY INDOOR NATIONALS AND THE 2021 JOAD INDOOR NATIONALS

JANUARY 1 - MARCH 28, 2021

New in 2021, USA Archery's 52nd Indoor Nationals and 2021 JOAD Indoor Nationals will be held in conjunction with State Indoor and State JOAD Indoor Championships. These combined events allow thousands of archers to compete at a state-central location to see how they measure up against competition from their state and around the nation.

USA Archery's State Indoor Championships* and USA Archery's 52nd Indoor Nationals are all-ages events in which athletes compete for the title of state and national champion, respectively.

The State JOAD Indoor Championships* and 2021 JOAD Indoor Nationals are youth division only events. Athletes are eligible to compete through the calendar year of their 20th birthday, and must be a participating member of a USA Archery JOAD or Collegiate club.

Youth archers may compete in either or both the 52nd USA Archery Indoor Nationals and the 2020 USA Archery JOAD Indoor Nationals.

Senior and Master divisions may compete only in the 52nd USA Archery Indoor Nationals.

*Residency requirements may apply.

USA ARCHERY ADAPTIVE ARCHERY

USA Archery is committed to providing equal sports and recreation opportunities to every person. Archery is inclusive of all ages, genders and abilities. Athletes with physical or cognitive impairments can participate alongside athletes without any disability.

ARCHERY IS FOR ANYONE WHO WANTS TO PARTICIPATE

Whether the goal is to get out and socialize, become active, or to make a U.S. Paralympic or World Championship Team, archery is a sport that lends itself to any ability. Archery can be practiced standing, sitting or braced for stability, and archery equipment and accessories can be easily adapted to fit each archer's individual needs.

On and off the field of play, USA Archery is committed to providing training, educational materials and resources for our athletes, coaches, clubs, and parents.

[VIEW THE ADAPTIVE VIDEOS](#)

[DOWNLOAD THE ADAPTIVE ARCHERY MANUAL](#)

GOLD MEDAL ASPIRATIONS?

Athletes with national or international archery aspirations need to go through a classification process. This process determines athlete eligibility and groups athletes according to their like abilities to create a level playing field. Athletes have the opportunity to earn a national rank by competing in USA Archery's Para United States Archery Team (USAT) series events. Athletes selected to Para USAT will have the opportunity to attend international events such as World Ranking Events and World Archery Para Championships. USA Archery also nominates teams to the Paralympic Games.

ARCHERY SUPPLY

SUPPORT ON & OFF THE RANGE

Lancaster Archery Supply has been supporting archers' tournament needs on and off the range since 1983. Let us help you reach your full potential. Visit www.LancasterArchery.com or give our TechXPerts™ a call at **800-829-7408**.

LANCASTER ARCHERY SUPPLY
IS A PROUD SPONSOR OF

USA ARCHERY VIRTUAL TOURNAMENT

The USA Archery Virtual Tournament is a great way to experience the excitement of a national event and test your skills against archers across the country, from the comfort of your local archery range! The Virtual Tournament is offered year round and includes both indoor and outdoor events.

THE BENEFITS OF PARTICIPATING IN THE VIRTUAL TOURNAMENT

- Easy and inexpensive
- Archers may also earn Achievement Pins
- Opportunity to earn the Club Spirit Award

WHO CAN COMPETE?

Any recreational or competitive archer who is a member of USA Archery and a Junior Olympic Archery Development (JOAD), Collegiate Archery Program, or Adult Archery Program Club is encouraged to participate! Archers must have at minimum a USA Archery Recreational Membership to participate in the tournament, temporary memberships excluded. If you are a club leader interested in hosting a Virtual Tournament and have any questions, email clubs@usarchery.org with the subject line: Virtual Tournament for support.

HOW TO PARTICIPATE

For instructions on how to compete in this quarter's virtual tournament, please reach out to clubs@usarchery.org.

USA ARCHERY VIRTUAL TOURNAMENT SCHEDULE

Winter Indoor Virtual Tournament	January 15 - April 15
Spring Indoor Virtual Tournament	May 15 - June 30
Summer Indoor Virtual Tournament	July 15 - September 30
Autumn Indoor Virtual Tournament	October 15 - December 31

[VIRTUAL TOURNAMENT RESOURCES](#)

Champion's Purse

PUT YOUR MONEY WHERE YOUR MOUTH IS!

Available at select National Tournaments to Senior Men and Women's Recurve and Compound divisions.

The USA Archery Champions Purse is an optional opportunity that archers can enter into for an additional entry fee, unlocking eligibility to win big payouts. Only archers registered in the Champion's Purse are eligible to win. Must be a USA Archery member and U.S. citizen to participate.

LEARN MORE

USA ARCHERY 2021 VETERAN ATHLETE EQUIPMENT GRANT APPLICATIONS NOW BEING APPECTED

USA Archery is proud to present the Veteran ***Athlete Equipment Grant Program***. This grant is made possible by the U.S. Department of Veterans Affairs and the VA Adaptive Sports Grant and is designed to provide support for active duty and retired Veterans who are members of USA Archery.

Through the Athlete Grant Program eligible athletes may apply for up to \$1,000 in archery equipment.

Diana Romero, an up and coming archer and Air Force veteran who was a recipient of a 2020 equipment grant commented: "I am most appreciative of this gracious assistance. The USA Archery Veteran Athlete Grants show me that USA Archery is dedicated to its Veterans! It will make participating in archery more accessible to me; thank you so much!"

USA Archery in partnership with the U.S. Department of Veterans Affairs also coordinates a monthly assistance allowance separate from the above grant. These monthly stipends assist eligible service and non-service-connected military Veterans in their efforts to represent Team USA at the Paralympic Games, Olympic Games and other international sport competitions. Through the program, VA will pay a monthly allowance to a Veteran with either a service-connected or non-service-connected disability if the Veteran meets the minimum military standards or higher (i.e. Emerging Athlete or National Team) in his or her respective Paralympic sport at a recognized competition.

USA Archery also offers a membership benefit for all active duty military, veterans and military spouses through Choice Hotels. Through the United States Olympic and Paralympic Committee, our members with military ties are eligible for an automatic upgrade to Lifetime Gold Status at Choice Hotels. After enrollment in the rewards program, 2,500 bonus points will be awarded following the first qualifying stay.

Applications are due by March 27, 2021.

UNITED STATES QUALIFIER SERIES

Making the United States Archery Team (USAT)

The United States Archery Team (USAT), established in 1982, consists of the top ranked male and female recurve, compound and barebow archers in the country. Archers earn national ranking points at USAT Qualifier Series Events, USA Archery Indoor, Outdoor and JOAD Target Nationals events, and USA Archery Field National events for barebow archers. Top ranked archers in each division are appointed to Master, Senior, Para, Junior or Cadet USAT.

USAT Qualifier Series Events are open to archers who are seeking national competition experience and want the excitement of competing alongside World Champions and Olympic medalists. These Events are held at different locations across the United States.

USAT ranking helps archers with aspirations to represent the U.S. at the Olympic, Paralympic and World Championship levels. Archers can track and measure their skill set and progress in competition at the national level.

In addition, USAT archers earn highly coveted uniforms to represent the U.S. in state, local and national competitions. USAT archers may also be eligible for athlete support programs, services and sponsor benefits.

2021 AAE ARIZONA CUP AND 2021 WORLD ARCHERY CHAMPIONSHIPS - U.S. TEAM TRIALS, RECURVE & COMPOUND, STAGE 1

April 9 - 11, 2021

Kicking off the 2021 USAT Qualifier Series is the Arizona Cup, an annual outdoor target archery tournament held in April at sunny and dry Phoenix, Arizona. The Arizona Cup is celebrating its 32nd year and will also be hosting the 2020 U.S. Paralympic Trials - Archery, Stage 1 and the 2022 World Archery Para Championships - U.S. Team Trials, Stage 1 with Eliminations held on Sunday, April 12. Following the event will be the 2020 U.S. Olympic Trials - Archery, Stage 3, a stand-a-alone event held April 14-17, 2021 in Chandler, AZ.

This year we'll also see the 2021 World Archery Championships - U.S. Team Trials, Stage 1 at Arizona Cup for both recurve and compound senior men and women. The World Archery Championships will be held in Yankton, SD from Sept. 19-26, 2021.

All participants must be members of USA Archery.

137TH TARGET NATIONALS AND U.S. OPEN

August 18 - 21
2021

The 137th USA Archery Target Nationals and U.S. Open is held for adult (Senior and Masters) archers in the recurve, compound and barebow divisions.

The U.S. Open is an Elimination Round match play event. The U.S. Open will be comprised of the combined participants (Eligible USA Archery members and Guests) from the Target Nationals. All Master archers will be combined into a single "Master" category. Compound athletes will score using cumulative scoring. Recurve and Barebow athletes will score using the Set System. When applicable, there will be a cut to 64 archers per category. U.S. Open Elimination Rounds will take place at the same distances and target faces listed above for the Qualification Rounds.

All participants must be members of USA Archery. This Includes All Guests/International Participants.

Foreign Athletes must purchase a Temporary Membership for Foreign Nationals. Foreign Athletes are in separate categories for Qualification rounds and combined for U.S. Open Elimination rounds.

ON TARGET FOR TOKYO 2020 ONE

2020 has been a year of loss, hardships and challenges. But, if there's one thing we know about ourselves as Americans and as USA Archery members, it is that in the face of these great adversities, we rise and aim higher.

When we were told we could not go outside, we turned inside, focusing on mental training and core strength, while staying engaged online with USA Archery's [At Home resources](#) and social media community. When it was safe to return to play, we took a cue from our inspirational Para archers: Adapt and Overcome. We improvised creative training strategies and implemented new safety procedures as we began to rejoin classes, club practices and events. While many athletes of other sports were unable to rejoin teammates on the field of play, archery shined as an example and a leader of safe, socially distant sport practice.

One of the greatest heartbreaks of 2020 was the postponement of the Tokyo Olympic and Paralympic Games. After coping with this setback and sadness, USA archers forged ahead, taking the additional year as an opportunity to get stronger, better and even more prepared for the greatest competition we face. We saw Olympians, Paralympians and hopefuls decimate national and world records in practice, and again in early return to competition. Improvements including equipment and form adaptations, a focus on fitness and nutrition, and a new mental edge, have many of the USA's archers looking better than ever before.

WE ARE ON TARGET FOR TOKYO!

Since the beginning of the modern Olympic Games, in 1896, archery has appeared on the program in 1904 and 1908, and as then been a staple event since 1972. Archery has also been on the program at every Paralympic Games since its inception in 1960. Throughout this history, USA archers have long been on the podium as one of the strongest nations in the sport, boasting some of the most prolific pioneers of archery, including athletes, coaches and manufacturers and industry leaders.

American archers patiently await their quadrennial shot at the world's most important stage, working harder and harder each year to prepare for this challenge. While war has seen the Games cancelled before, the postponement of the Tokyo 2020 Games, while heartbreaking and devastating, is also largely groundbreaking.

Since 1896, the Games have been cancelled a total of three times: once during World War I (1916), and twice during World War II (1940, 1944). The Games have weathered politically charged boycotts and terrorist attacks, without cancellation or postponement.

In 1980, the United States chose to boycott the Summer Olympic Games in Moscow in protest of the Soviet invasion of Afghanistan, as one of 65 nations that refused to participate. An Olympic archery team had been nominated for the Games, and each member received a Congressional Gold Medal as a symbol of America's commitment to our principles of freedom.

The postponement of the Tokyo Games from 2020 to 2021 marks the first time the Games have ever been rescheduled.

Source: Roos, Dave. "When World Events Disrupted the Olympics." History.com, A&E Television Networks, 24 Mar. 2020, www.history.com/news/olympics-postponed-cancelled.

HOW DID WE FARE IN 2020?

Along with the Games postponement, almost the entire international events calendar was canceled for 2020. There were no World Cup events, world rankings were frozen, and archers lost critical opportunities to keep an edge on international competition. On the national side, USA Archery faced a largely disrupted season, however, as the global health situation took an upward turn in the late summer, USA Archery was ultimately able to host most national level events. With a long break between indoor season and the restart of the outdoor season, top archers made impressive strides, embracing the training opportunities awarded to them by the shut-down.

When news of the postponement first hit, [USA Archery spoke with several Olympians and Paralympians about their immediate reactions](#), which were unanimously sad, yet several archers and coaches took an optimistic spin, looking forward to the gift of time to reset, refocus and come back stronger than before.

National Head Coach KiSik Lee foresaw the postponement earlier in the year and immediately adjusted training plans. In months of practice at home, we saw archers posting world record demolishing scores and at the first national event of the season, the USA Archery Target Nationals, top Tokyo hopefuls Brady Ellison and Jack Williams set new world records in the senior and junior divisions respectively, despite challenging weather conditions.

"Having the break was a good mental reset," shared Williams. "Coming back to competition feels good. It would have been nice to shoot the Games this year, but one more year of Brady and I pushing each other, is only going to help us. Our team just got even better this year."

Towards the end of the 2020 season, Rio 2016 Olympian Mackenzie Brown echoed: "This year has had its challenges for lots of different reasons, COVID-19 being a big one, but also dealing with the postponement of the Games. I really struggled with that at first, but I think that it has actually been a blessing in disguise because I've worked a lot on my confidence and building up to compete well next year at the Games."

While top frontrunners Brady Ellison, Jack Williams, Casey Kaufhold and Mackenzie Brown continued to stay strong through the challenging season, several up and coming archers, still in the running for the Tokyo Trials also saw great strides of improvement this year. Joonsuh Oh and Josef Scarboro in particular entered the Trials as strong competitors on the youth scene. With an additional year of training and competing alongside the seniors, they racked up several impressive podium finishes including Oh's silver at the U.S. Open and the Gator Cup, where he also ranked first in qualification and gold for Scarboro at the SoCal Showdown. Catalina GNoriega, Eliana Claps and Alex Zuleta Visser also added national medals to their count this year that may help them re-enter the Trials in spring 2021 as even stronger competitors.

2020 U.S. OLYMPIC TRIALS - ARCHERY	
Stage 1 - with 135th USA Archery National Target Championships	COMPLETED
Stage 2 - with 2019 USAT #4 Texas Shootout	COMPLETED
Stage 3 - A stand-alone event May 27th - May 29th in Salt Lake City, UT	
Per new USOPC COVID mandates, athletes need to arrive in Salt Lake City, UT by May 24th. COVID-19 Testing will take place between 12PM and 3PM MT (Location TBD).	
Stage 4 - A stand-alone event May 30th - June 1st in Salt Lake City, UT	

To participate at the Olympic and Paralympic Games, a nation must first qualify "quota" places for its athletes to fill, and then each country has its own process for nominating athletes to fill the spots they've earned.

For the Olympic Games, a country may qualify either 1 or 3 places each in the men's and women's recurve division. For Tokyo, the U.S. has secured one men's quota spot with Brady Ellison's 2019 World Archery Championships win, and one women's quota spot through Team USA's mixed team gold win at the Lima 2019 Pan American Games. We will have one final chance to secure the additional two men's and two women's spots at a final qualification tournament in Paris in June 2021.

CURRENT OLYMPIC TRIALS STANDINGS

HOW TO WATCH THE GAMES

For the last two Summer Olympic Games, London 2012 and Rio 2016, archery has been a top attraction, ranking as one of the most watched sports in the first week of both Games, according to NBC. Building upon that success, World Archery, through live stream efforts and partnerships with NBC and the Olympic Channel, has racked up increasingly impressive viewership numbers, including over 77 million viewers of the 2019 World Archery Championships. In Tokyo, where archery is already a popular sport with a strong fanbase, it is expected that the archery events will garner a large audience once again.

USA fans will be able to watch the Olympic Games on NBC and the Olympic Channel. Broadcast schedules will be announced closer to the Games and Paralympic broadcast coverage is yet to be determined.

OLYMPIC ARCHERY SCHEDULE FOR THE OLYMPIC GAMES

COMING SOON: NBC BROADCAST SCHEDULE

USA ARCHERY'S ROLE

USA Archery is the National Governing Body for the Olympic and Paralympic sport of archery in the U.S. This allows us the opportunity to influence and engineer the development of the sport for all archers. There are many stages to athlete development and USA Archery designs, funds and staffs support for each of these stages. It starts with coach certifications and athlete safety trainings that grow the sport at the grassroots level to identify new talent. Introductory programs such as Explore Archery teach the basics and prove to the masses what a safe and fun sport archery is. JOAD, Collegiate and Adult Clubs are the backbone of USA Archery and are led by certified USA Archery coaches. These clubs nurture new archers by providing a pathway for athletes to develop and hone their skills.

With USA Archery's grant program, we fund club and coach development aimed at long-term sustainability. We provide funding and dedicated support to grow diversity and inclusion, support veterans and are

recognized as a world leader in the sport for our efforts in gender equality. We work with the U.S. Olympic & Paralympic Committee to focus efforts on our most promising elite athletes with financial support, mental health resources, health insurance, access to the highest-level training facilities, the best coaches and world-renowned subject matter experts.

USA Archery is responsible for selecting and training the best archery teams for international competition, including the Olympic and Paralympic Games, and provides competitive archery opportunities across the country. We recognize the importance of growing the sport and embrace that responsibility. We continue to work every day to identify areas in which we can improve while identifying opportunities to grow our sport, our membership and continue to aim high.

2020 U.S. PARAYMPIC TRIALS - ARCHERY

Stage 1 - A stand-alone event May 1, 2021 in Newberry, FL

Stage 2 - With USAT #2 2021 Easton Foundations Gator Cup (note: All Para categories will shoot qualifications and Elimination rounds on Sunday, 5/2. Registration in the Para Gator Cup is required)

Stage 3 - A stand-alone event on June 3, 2021 in Chula Vista, CA (note: Registration in the 2021 SoCal Showdown following Stage 3 requires registration in the SoCal event)

MAKING THE U.S. OLYMPIC AND PARALYMPIC TEAMS

Representing the United States on an Olympic or Paralympic Team is a dream chased by hundreds if not thousands of people across our country. These dedicated individuals train and compete at a world-class level every day with one goal in mind: make it to the Olympic or Paralympic Games.

While training and competing are the first steps to achieving that goal, one of the larger challenges is understanding exactly how they can achieve that dream.

First, let's look at how each country qualifies for the Olympic Games. Each country can qualify either 1 or 3 places each for the Olympic Games in the men's and women's recurve division.

The main qualification tournament is the World Archery Championships the year prior to the Olympic Games. Each country's team who places in the top 8 in the men's and women's recurve team rounds at the World Championships will qualify a full team of 3 men and 3 women for the Olympics. If either team should fail to qualify 3 spots, there are individual spots available (1 per gender) and additional qualifying opportunities for teams prior to the Olympic Games.

To fill the quota spots we have earned, USA Archery hosts a multi-part event process that typically starts about a year before the Games. The first event of the U.S. Olympic Team Trials is open to anyone who officially registers for the event, and meets the eligibility requirements in the Olympic Selection Procedures.

The Trials typically continue into the spring of the Olympic year. In the past, the final Trials events have consisted of ranking rounds, team round simulation, head to head elimination rounds, and round robin match play. The total points accumulated from each event will determine the final rankings for the U.S. Olympic Team Trials.

If USA Archery has earned 3 Olympic quota slots in each division, the top 3 archers per division will be nominated to the U.S. Olympic Team. The athlete who is ranked fourth is named the Alternate to the U.S. Olympic Team. If we have only earned 1 quota slot in a division, only the top finisher in the U.S. Olympic Team Trials will be named to the U.S. Olympic Archery Team. In addition to their final ranking in the U.S. Olympic Team Trials, athletes whose ranking makes them eligible to be on the U.S. Olympic Archery Team must also meet the Minimum Qualification Standards set by World Archery for each quadrennial.

[SEE UPDATED 2020 U.S. OLYMPICS ARCHERY TEAM SELECTION PROCEDURES](#)

To make the U.S. Paralympic Team the athlete will need to have a current World Archery international classification. All athletes interested in competing as a para-athlete must be classified as such. Classification provides a structure for para competition. The classification system is designed to determine eligibility and group athletes according to their impairment to create a level playing field. Classifiers go through extensive training and are certified by World Archery to carefully determine whether athletes qualify for para competition.

The U.S. Paralympic Archery Team Trials process consists of several selection events. To compete in the Paralympic Trials, a minimum of a national classification is required. Athletes will be awarded points for their performance at each stage of the trials for which they qualify.

The number of Paralympic quota slots per division will be based on the United State's finishes at the World Archery Para Championships and secondary qualification opportunities in the year before the Paralympic Games.

There will also be a specific Paralympic Qualifying event for slots not earned at those events.

The most slots any country can qualify is 3 Recurve Open Men, 3 Recurve Open Women, 3 Compound Open Men, 2 Compound Open Women, 2 W1 Compound Men, and 2 W1 Compound Women.

CHEER ON TEAM USA ARCHERY AT THE WORLD GAMES

Birmingham, Alabama USA
July 7 - 17, 2022

The World Games 2022 Birmingham will be an extraordinary Olympic-style sports experience where elite athletes from all over the world compete for gold in 34 unique, multi-disciplinary sports. Featuring 3,600 athletes from more than 100 countries, the international event will unite global fans with the Birmingham community in over 25 unique venues around the greater metropolitan area. The World Games 2022 Birmingham, which marks the 40th anniversary of the event, will take place from 7-17 July 2022. The World Games was established by the International World Games Association, an organization recognized by the International Olympic Committee.

JUNIOR OLYMPIC ARCHERY DEVELOPMENT JOAD PROGRAM

ABOUT THE JUNIOR OLYMPIC ARCHERY DEVELOPMENT (JOAD) PROGRAM

JOAD (pronounced JO-AD) is a nationwide program where certified coaches develop youth archers ages 8-20 in the sport. If you're new to archery and are looking for an introductory program then JOAD has what you need to get started! You'll learn important skills, play exciting games and earn awards for developing fundamental skills and scoring achievements. Many JOAD clubs offer rental equipment so that you can try archery first before investing in equipment.

PRACTICE YEAR-ROUND. COMPETE YEAR-ROUND.

Practice at club indoor and outdoor ranges to prepare for both indoor and outdoor events. Grow your skills at target and field competitions.

ACHIEVEMENT AWARDS

JOAD archers will work to earn Achievement Award pins. Archers that achieve increasingly challenging scores earn collectible pins and certificates and at the highest levels, awards include Official USA Archery gear and a letter of recognition.

UNITED STATE ARCHERY TEAM (USAT)

Youth archers with aspirations to represent the United States at the Olympic, Paralympic and World Championship levels need to earn national ranking points at JOAD Target Nationals and USAT Qualifier Series Events. Archers ages 8-20 can qualify for the Junior or Cadet United States Archery Team by qualifying at a combination of events. Archers must attend three USAT Qualifier Series events and the JOAD Target Nationals.

2021 USA ARCHERY JOAD TARGET NATIONALS, 2021 WORLD ARCHERY YOUTH CHAMPIONSHIPS - U.S. TEAM TRIALS AND 2021 JUNIOR PAN AM GAMES TEAM TRIALS

July 7 - 11, 2021

JOAD Target Nationals is a fun and exciting National Event for archers ages 8-20.

Each year these youth archers compete for both medals and college scholarships. The scholarships, offered directly from colleges and universities, allow college-bound young men and women an opportunity to continue participating in archery while attending school. Scholarships are offered to top finishing male and female archers in varying recurve, compound and barebow (recurve) divisions.

This year, USA Archery is selecting athletes for the World Archery Youth Championships and the 2021 Junior Pan American Games in the U.S. Team Trials. All are welcome to compete in these events with one joint registration.

All participants must be a USA Archery member and belong to a USA Archery JOAD, Adult/JOAD or Collegiate Club.

REGIONAL ELITE DEVELOPMENT PROGRAM RED PROGRAM

Athletes ages 13-17 who have their sights set on competing on the National and International stage can begin their journey with the RED Program. This exclusive program invites the top ranking youth in recurve and compound to apply to become a part of this elite team. The RED Program is led by six regional high performance coaches. These coaches lead teams that train and compete together to become the best recurve and compound archers in the country.

The mission of the RED Program is to develop compound and recurve athletes, through the USA Archery athlete competencies and High-Performance Ethos, who are competitive nationally and internationally.

NATIONAL RED HIGH PERFORMANCE CAMP

Each year, up to two athletes of each gender and discipline per region will be invited to attend the National RED High Performance Camp. Selection to the camp is based on performance at an outdoor selection event held at a regional camp.

RED PROGRAM ATHLETE SELECTION PROCESS AND APPLICATION

The program consists of six teams throughout the United States. The RED teams will each consist of 12 select promising male and 12 female archers ages 13-17 per region in both the compound and recurve divisions.

USA Archery will begin accepting applications for the RED Program following the final United States Archery Team (USAT) event of the calendar year. Priority will be given to individuals named to the Cadet USAT for the following year. Individuals who do not make Cadet USAT but are committed to a program of preparation to make a future USAT and desire to represent the United States on future international teams are encouraged to apply to the RED Program.

JUDGE CERTIFICATION

The USA Archery Judge Certification Program promotes an international standard of event judging at all levels of competition within USA Archery.

NEW this year, USA Archery is offering an online Judge Certification Course for Level 1, Level 2 Certified and Level 3 National Judges, making it easier than ever to advance your archery career.

"This is a cool way to give back. Without judges, local programs can't grow because a lot of clubs don't have funds to send their kids to tournaments that require travel for their first event experience. So, if they can host tournaments with local judges, they can give kids local opportunities to grow and improve."

- Hala Skelton, USA Archery Level 2 Certified Judge and Archery Instructor

2021 USA ARCHERY FIELD NATIONALS

SEPT. 4 - 5, 2021

The USA Archery Field Nationals varies from the traditional format shot at most other USA Archery events. Field archery is typically shot in a natural setting with uneven terrain and natural obstacles. The course is made up of unmarked and marked rounds for Recurve, Compound and Barebow divisions.

The Darrington Archery Range is a World Class Range with a one-of-kind handicapped accessible 28 target outdoor range. This 262 acre range moves along open level ground to very steep terrain, offering archers varying challenging courses. The Darrington Archery Range is a keystone to the town of Darrington and residents offer a warm welcome to archers traveling across the U.S and from around the world.

2021 USA ARCHERY FIELD NATIONALS

The target faces have six scoring zones as shown on the diagram.

FIELD ROUND

The Field round consists of two rounds of 24 targets each, one unmarked and one marked course. 3 arrows per archer are shot at each target.

UNIT FOR UNMARKED COURSE

Number of Targets 12 Targets in a Unit min - max #	Diameter of Field Faces in centimeters	Yellow Peg Cadet Barebow	Blue Peg Recurve Cadet Compound Cadet Barebow	Red Peg Recurve and Compound
		Distances in Meters		
2 - 4	20	5 to 10	5 to 10	10 to 15
2 - 4	40	10 to 20	10 to 20	15 to 25
2 - 4	60	15 to 25	15 to 30	20 to 35
2 - 4	80	20 to 35	30 to 45	45 to 55

COLLEGIATE ARCHERY PROGRAM

USA Archery's Collegiate Archery Program provides students enrolled in a college or university the opportunity to participate in national competitions while providing a community that helps with the stresses and pressures of rigorous academic pursuits. This varsity or club program gives college students the perfect outlet with friendships that last a lifetime.

Eligible participants can work to develop fundamental skills, compete for individual and national team championships and earn Academic and All-American awards. Collegiate Archery Programs can be varsity teams with scholarships, club sports or student organizations on campus.

Choose your path in the Collegiate Archery Program with recreational and competitive opportunities for barebow, recurve, compound, and bowhunter divisions. Archers coming from a Junior Olympic Archery Development (JOAD), National Archery in the Schools (NASP), Olympic Archery in Schools (OAS), or Scholastic 3-D (S3DA) program can continue their archery journey. Students with little or no archery experience are also welcomed to learn about and fall in love with the sport.

Collegiate members can participate in USA Archery's Adult or JOAD Achievement Award Programs. JOAD is an athlete development tool for young adults and youth ages 8-20; the Adult Achievement program is for archers ages 21 and up. Archers that achieve increasingly challenging scores earn collectible pins and certificates and at the highest levels, awards include Official USA Archery gear and a letter of recognition.

Collegiate archery offers students opportunities to travel and compete in USA Archery's exciting collegiate events and in any sanctioned local, regional, national and international events.

- World Championship and Olympic Trials Events

COLLEGIATE ELIGIBILITY

Student-athletes become eligible to compete in the Collegiate Archery Program by being a member of an existing team or as an individual where there is not yet an archery program at the school.

Collegiate Eligibility requirements:

- Current USA Archery Member (Temporary, Recreational and Trial Memberships excluded).
- Enrolled full-time at a two- or four-year college or university.
- Member of the existing school Team or individual student if no Team exists.
- Maintain a minimum GPA of 2.0 for undergraduates and 3.0 for graduate students.
- Apply within the approved 7 years of eligibility.

ACADEMIC YEAR

All participants are required to have current Collegiate Eligibility with USA Archery to participate within a USA Archery Sanctioned Collegiate Event.

Eligibility period for the 2020-2021 school year will run August 1, 2020-July 31, 2021. A graduating archer is no longer eligible to compete in the collegiate division at sanctioned events beginning the term after they graduate (example: archers graduating in the fall term are not eligible to participate in the spring term as a collegiate archer).

USA Archery Sanctioned Collegiate Events that require Collegiate Eligibility prior to registration:

- USA Archery Collegiate 3D Regionals
- USA Archery Collegiate 3D Nationals
- USA Archery Indoor Nationals
- USA Archery Collegiate Target Regionals
- USA Archery Collegiate Target Nationals
- USA Archery Field Nationals
- USA Archery State Championships

USA Archery will provide one year of eligibility relief for all archers (seniors and underclassmen) who were affected by the cancellation of collegiate events in Spring 2020 due to COVID-19. All current academic eligibility requirements will remain the same for returning archers.

2021 COLLEGIATE TARGET NATIONALS

May 20 - 23, 2021

Eligible only to college students, the USA Archery Collegiate Target Nationals is where students represent their school while competing against other colleges and universities across the country.

Following World Archery rules, athletes will shoot a 72-arrow qualification round, individual elimination round, mixed team and team rounds. The event is followed by an award ceremony and banquet.

To participate, archers must be members of USA Archery and meet all collegiate eligibility requirements.

COACH OBSERVER PROGRAM

RED OBSERVER PROGRAM

The Regional Elite Development (RED) Coach Observer Program allows Level 3-NTS and Level 4-NTS Coaches to take part in Recurve and Compound development camps, observing the camp coaches and archers, while getting hands on experience with the National Training System (NTS). These camps are hosted nationwide and provide coaches with a number of opportunities to learn more, get connected and earn continuing education credits towards recertification.

RESIDENT ATHLETE COACH OBSERVER PROGRAM

The Resident Athlete Coach Observer Program allows Level 4-NTS and Level 5-NTS Coaches to observe and learn from Resident Athletes by observing Coach KiSik Lee, Coach Chris Webster and other designated Coaches.

THE PARA-ARCHERY COACH OBSERVER PROGRAM

The Para-Archery Coach Observer Program is a companion program to the Para High Performance Camps. The intent of the program is to provide an opportunity for coaches to observe, learn about and interact with experienced Para Coaches and Para national team athletes in an active setting.

INTERNATIONAL TEAM STAFFING (ITS) PROGRAM

The International Team Staffing (ITS) Program is designed to provide top-level Coaches and Team Leaders with opportunities in the international tournament arena. The goal of the program is to create a 'team' that works in harmony, demonstrates respect for colleagues and archers while developing an understanding of the top archers' competitive needs that leads to success on the medal stand.

If you would like to find out more about our coaching opportunities contact Guy Krueger at gkrueger@usarchery.org.

LEARN MORE

CLUB EXCELLENCE PROGRAM

The Club Excellence Program is a unique 9-month learning experience available to select USA Archery JOAD, Collegiate and Adult clubs and their coaching staff. The program is structured and appropriate for club leaders and associated coaches wanting to elevate the status of their club and develop athletes to be nationally and internationally competitive. This program is also ideal for Instructors and Coaches looking to prepare for the Level 3-NTS Coach Course and/or Level 4-NTS Coach Course and developing Level 4-NTS Coaches.

The program curriculum focuses on developing coaches and clubs through the USA Archery Coach and Club Competencies. These competencies provide a road map for developing quality coaching for both recreational based clubs and clubs focusing on high performance. Selected clubs can nominate up to two coaches to take part in the program, and selected coaches must be willing to further develop within the USA Archery Coach Competencies.

For more information, contact USA Archery Education and Training Manager Guy Krueger at gkrueger@usarchery.org.

"The Club Excellence Program provides coaches with the tools, direction and mentorship to be the best club they can be and produce high performing athletes."

- Linda Beck, USA Archery Level 5-NTS Coach
