1. SELECTION SYSTEM

To be eligible for nomination to the Parapan American Games (PPAG) athletes must meet the following criteria:

1.1. Provide the minimum eligibility requirements for an athlete to be considered for selection to the Team:

1.1.1. Nationality/Passport requirements:

- i. Athlete must be a national of the United States at the time of selection (the first event of the trials process).
- ii. Athlete must hold a valid U.S. passport that will not expire for six months after the conclusion of the Games.

Any competitor in the Olympic, Paralympic, Pan American or PPAG must be a national of the country of the National Olympic Committee (NOC) or National Paralympic Committee (NPC) which is entering such competitor. For additional information regarding an athlete who is a national of two or more countries, has changed his or her nationality or acquired a new nationality, refer to the Olympic Charter (Rule 41), the IPC Handbook (Section 2, Chapter 3.1), the Panam Sports Constitution (Article 34.4-7), or the Americas Paralympic Committee bylaws (Chapter 2.4.12 of the IPC Handbook).

1.1.3. Minimum International Federation (IF) and/or Continental Federation (CF) (PAG and PPAG only) standards for participation (if any):

- i. At the time of nomination an athlete must be internationally classified in an eligible Sport Class with either a Sport Class Status of 'Confirmed' or 'Review with a Fixed Review Date' after **December 31, 2023**. 1.2. Tryout Events:

Stage #1 Trials Event: 2023 USAT Event #1

Stage #2 Trials Event: 2023 USAT Event #2

Stage #3 Trials Event: 2023 Stand Alone Event following 2023 USAT Event #2

A stage is defined as a single trials event which will include a qualification round or round robin matches.

- 1.2.1. Provide the event names, dates and locations of all trials, events and camps to be used as part of the selection process.

All event names, dates and locations will be announced at least 45 days prior to the event and will be posted on the USA Archery website at www.usarchery.org.

The Stage #1 Trials Event will be an open event and athletes will need to meet all necessary registration requirements and deadlines specified, as well as complete all other required forms, including the intent to compete form, prior to the start of competition to include:

1.2.2.1 A completed 2023 PPAG Trials registration form to be submitted with the 2023 U.S. PPAG Trials registration fee. Registration for the 2023 U.S. PPAG Trials – Archery will open at least 60 days prior to the start of the Stage #1 PPAG Trials Event and the deadline for completing trials registration will be posted at www.usarchery.org with the registration materials. Late registration is allowed until the date specified in the registration materials with an additional late registration fee. If any USA Archery and/or USOPC rules, policies and procedures are updated between stages, athletes will be provided with the relevant documents and will

be required to sign an updated intent to compete form, including agreeing to abide by and be bound by those rules, policies, and procedures as a condition of participation.

- 1.3. Provide a comprehensive, step-by-step description of the method that explains how athletes will go through the selection process.

In accordance with the Santiago 2023 Parapan Am Games Qualification Regulations, the maximum team size per NPC (i.e., country) for Archery that an NPC may be awarded is one (1) qualification slot per individual medal event for a total of six (6) qualification slots. Mixed Teams will be offered at the 2023 PPAG for each category for which one male and one female qualifies (i.e. Recurve Open, Compound Open and W1). Quota places are allocated by World Archery to the National Paralympic Committee (NPC). In the case of a Bipartite Commission Invitation the slot is allocated to the individual athlete, not the NPC. Please see Section 2 regarding Bipartite Commission Invitations.

The trials process is defined in Appendix A for all NPC allocated qualification slots.

2. **DISCRETIONARY SELECTION (if applicable)**

N/A

- 2.1. Provide rationale for utilizing discretionary selection (if any):
Bipartite Invitations may result in the appointment of athletes to the 2023 PPAG Team. To be considered for a Bipartite Commission Invitation, NPCs must submit an official Bipartite Commission Invitation application in writing to World Archery. The Bipartite Commission Invitation application process starts December 13, 2022 and NPCs must have applications submitted by February 1, 2023.
- 2.2. List the discretionary criteria and explain how they will be used (if any):
The Bipartite Allocation Slots are awarded by the International Paralympic Committee and World Archery to athletes directly by name and USA Archery may apply for Bipartite slots per the discretionary criteria outlined below.

Bipartite Invitation Allocation Method:

The International Paralympic Committee and World Archery allocate bipartite slots based on the principles below (in no particular priority order):

- To ensure the participation of top athletes who may have not had the opportunity to formally qualify through other methods due to extraordinary circumstances;
- To ensure the representation of athletes with a severe impairment;
- To ensure medal events will have sufficient representation for viability; and
- To enable greater representation by gender.

Prior to awarding Bipartite slots the International Paralympic Committee and World Archery may invite each National Paralympic Committee to submit an application requesting that an athlete or athletes be considered for a Bipartite slot.

USA Archery may, but is not required to, submit an application for a Bipartite slot depending on whether or not, as determined by the PPAG Archery Team Selection Committee (Section 2.3), there are athlete candidates who meet the above principles and who are capable of a top-three (podium) result, can positively impact team performance and/or are considered to be on track to produce a top three (podium) result in the near future.

The PPAG Archery Team Selection Committee shall be responsible for making any such selection. Provided, however, that prior to using discretionary appointment, USA Archery will attempt, if possible, to use the final results of the PPAG Trials. If this is not possible due to time constraints or limitations by the International Paralympic Committee or World Archery, USA Archery will select nominees based on the Para National Ranking System as of 12/31/22.

The final decision of any Bipartite slots will be at the sole discretion of the International Paralympic Committee and World Archery. USA Archery will disclose on its website the submission of particular athletes for the Bipartite slot.

If a Bipartite slot is awarded to an athlete by name, USA Archery will accept such athlete to the PPAG Team pending USOPC approval. USA Archery will disclose on its website the name of any athlete named to the PPAG Team through the Bipartite Invitation Allocation Method.

- 2.3. Provide the name of the committee that will be responsible for making discretionary selections, along with a complete list of the members' titles currently serving on the committee:

The PPAG Archery Team Selection Committee

- USA Archery CEO
- USA Archery Chief of Sport Performance and Operations
- USA Archery Paralympic Head Coach
- USA Archery USOPC AAC Representative
- USA Archery Para AAC Chair

- 2.3.1 All members of the selection committee must comply with USA Archery's conflict of interest policy, to include completing and submitting a disclosure form for review by USA Archery's Ethics Committee prior to convening the committee. Any member of the selection committee who has an actual, possible, or perceived conflict of interest must disclose it to the USA Archery Ethics Committee prior to the start of the selection process and/or recuse themselves from the review process and/or voting. A conflict of interest exists when a personal, family, financial, professional, club, team or business interest of the committee member poses a direct or indirect relationship, connection, or affiliation, past or present, with an athlete in contention for the applicable team selection that could compromise the committee member's ability to participate in the selection process in an unbiased manner. If a conflict exists, the USA Archery's Ethics Committee shall review the conflict and determine the committee member's level of involvement (e.g., whether that committee member must recuse themselves from participating in discussions and/or voting). For example, if it is determined that a committee member must recuse themselves from voting, the Ethics Committee may still determine that a

committee member who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and so long as the committee member with the conflict of interest does not vote toward the final decision. The committee member must not otherwise influence other members of the committee in the selection process.

Additionally, any person (including any potentially impacted athlete or coach of a potentially impacted athlete) with a good faith belief that a committee member has a conflict of interest may report the alleged conflict of interest to USA Archery's Ethics Committee. Reports may be made anonymously. No committee member shall retaliate in any way against a person who, in good faith, reports an alleged conflict of interest.

Any recused individual shall be replaced in accordance with the USA Archery selection committee appointment process.

3. REMOVAL OF ATHLETES

- 3.1. Prior to entry by name to the Local Organizing Committee by the USOPC, USA Archery has jurisdiction over potential nominees.

An athlete who is to be nominated to the Team by USA Archery may be removed for any of the following reasons, as determined by USA Archery:

- 3.1.1. Voluntary withdrawal. Athlete must submit a written letter to the USA Archery High Performance at highperformance@usarchery.org.

- 3.1.3. Failure to participate in Mandatory Training and/or Competition as defined in Section 9 of these procedures.
- 3.1.4. Violation of USA Archery's Code of Conduct, Anti-Doping Drugs and Alcohol Policy, Sportspersonlike Conduct Policy, SafeSport Policy and Background Screen Criteria and Review Policy, Minor Athlete Abuse and Prevention Policy, Code of Ethics or other USA Archery policies and procedures located at www.usarchery.org.
- 3.1.5. Re-classification by the IPC/IF such that the athlete's qualifying performance would not have qualified them for the Team.
- 3.1.6. Removal by the IPC/IF of the event, in which the athlete qualified for the Team from the program of the 2023 PPAG.

An athlete who is removed from the Team pursuant to this provision has the right to a hearing per USA Archery's Bylaws, Section 15 and the USOPC Bylaws, Section 9.

- 3.2. 4. REPLACEMENT OF ATHLETES

- 4.1. Describe the selection and approval process for determining replacement athlete(s) should a vacancy occur:

Replacement athletes must also meet all the requirements listed in Section 1.1.
 - 4.1.2. Should a vacancy occur after submission of Entries by Name to the Local Organizing Committee, providing replacements are allowed, USA Archery will select the next available eligible athlete based on the final ranking from the selection process described in Attachment A. Replacement athletes must also meet all the requirements listed in Section 1.1.

Each archer's total points from Stage #1 and Stage #2 will be carried forward to Stage #3.

1.7 QUALIFICATION ROUND TOTAL POINTS - TIEBREAKER PROCEDURES

1.7.1 A tie in Total Points following the completion of Stage #2 for the 8th position will be broken with a single arrow shoot-off, in accordance with World Archery Rules 14.5.2. This process will be repeated until there is a winner.

1.8 **CUT TO TOP EIGHT (8)**

- 1.8.1 Following the completion of Stage #2 and any necessary tiebreakers, the archer's Total Points will be used to select the top 8 archers who will proceed to Stage #3.
- 1.8.2 The top 8 Men and Top 8 Women per division, based on Total Points, will continue to Stage #3. All other archers will be eliminated from the PPAG trials event. If an archer qualifying for the Round Robin Matches withdraws prior to the start of the Round Robin Matches, the next highest ranked archer from the Total Points standings will be allowed to compete in Stage #3 and they will retain any respective Total Points.

1.9 **Stage #3: ROUND ROBIN MATCHES**

- 1.9.1 In the seven Round Robin Matches, each male athlete will shoot against each other male athlete once and each female athlete will shoot against each other female athlete once within their respective divisions (recurve open, compound open or W1).
- 1.9.2 Each Round Robin Match will be conducted using either a Olympic Round Match using Set-System scoring (three arrow ends, 2 minutes per end) for Recurve Open archers or a 15 arrow Compound Match Round with cumulative scoring (three arrow ends, 2 minutes per end) for Compound Open and W1 archers.
- 1.9.3 Round Robin Match Bonus Points – One point will be awarded for a win and zero points will be awarded for a loss, in each of the seven matches.
- 1.9.4 If an archer withdraws from the Round Robin Matches after competition has commenced, all archers will receive a win bonus point for the match shot against the withdrawn archer, regardless of whether they won or lost the match against the withdrawn archer.
 - 1.9.4.1 - **See 3.5 for information about withdrawing from the event.**

1.10 **THREE-ARROW END AVERAGE**

- 1.10.1 Three Arrow End scores will be recorded for each match against other archers, per category, in Round Robin Matches.
- 1.10.2 Following the seven Round Robin Matches, archers will be ranked and awarded points according to their Three Arrow End Average for their scores shot during the Round Robin portion of the event.
- 1.10.3 The Three Arrow End Average will be rounded to the thousandth place.
- 1.10.4 End scores shot during bye matches will not be calculated in the Three Arrow End Average.

1.10.5 Points will be allocated according to the archer's Three Arrow End Average Ranking, as shown in Table 5:

Table 5. Three Arrow End Average Ranking Points Distribution.

Ranking	Points
1	10
2	8
3	6
4	5
5	4
6	3
7	2
8	1

1.10.6 If an archer withdraws from competition during the Round Robin Matches, archers who have shot against that archer prior to that archer withdrawing, will have their match score shot against the withdrawn archer count towards their Three Arrow End Average.

1.10.6.1 Archers who did not shoot against the withdrawn archer prior to that archer withdrawing will receive a bye and will not score their ends shot in the bye match. These arrows shot in this situation will NOT count toward the archer's Three Arrow End Average.

1.10.6.2 ***See 3.5 for information regarding withdrawing from the event.***

1.10.7 If a tie exists between two or more archers in the Three Arrow End Average for the trials event, the tied archers will receive the same ranking and points associated with that ranking.

1.10.7.1 The next lower ranked archer will receive the ranking y places down from the ranking of the tied archers where y is the number of archers tied. For example, if three archers tie for 2nd place score with the same Three Arrow Average, then those three archers will receive the 2nd ranking for the Three Arrow Average and will receive 8 points. The next lower ranked archer would be 5th ranked in the Three Arrow Average and receive 4 points.

2. **PPAG - U.S. TEAM TRIALS – FINAL RANKINGS**

- 2.1 Archer's will receive a Final Rank based on their total cumulative points as follows:
Qualification Round #1 ranking points + Qualification Round #1 bonus points +
Qualification Round #2 ranking points + Qualification Round #2 bonus points + Round
Robin Match win points + Three Arrow Average points. An archer's Final Rank will
determine the order of selection to the PPAG team.
- 2.2 In the event of a tie for the final position on the team in the Final Rankings the tie will
be broken using an Olympic Round Match using Set-System scoring (three arrow ends,
1 minute 30 seconds per end) for recurve open archers or a 15 arrow Compound
Round Match with cumulative scoring (three arrow ends, 1 minute 30 seconds per
end) for compound open and W1 archers.
 - 2.2.1 If more than two archers are tied for the final position on the team, the
two archers with the highest three arrow average outlined in Section 1.10
will shoot for the higher-ranking position by shooting an Olympic Round
Match using Set-System scoring (three arrow ends, 1 minute 30 seconds
per end) for recurve open archers or a 15 arrow Compound Round Match
with cumulative scoring (three arrow ends, 1 minute 30 seconds per end)
for compound open and W1 archers.
 - 2.2.1.1. If more than 2 archers are tied for the highest three-arrow average, a
single arrow shoot-off between the archers tied with the highest three-
arrow average will be used to separate the tie and determine the
two archers that will shoot against each other in the Olympic
Round Match or the Compound Round Match. The single arrow
shoot off will be repeated until the tie is broken.
- 2.3 In the event of a tie for all other positions, the tie will be broken by using the
Three Arrow Average from the Round Robin portion of the trials event.
 - 2.3.1 The archer with the higher three arrow average as described in section
1.10 will receive the higher final ranking.
 - 2.3.2 If a tie still exists, the tie will be broken with a single arrow shoot-
off, in accordance with World Archery Rules 14.5.2.
- 2.4 Upon completion of the Round Robin Matches and any necessary tiebreakers the
Total Points become final.
- 2.5 Depending on the quota slots available, the top male and top female archers in
each category who meet all eligibility requirements will be nominated to the U.S.
team for the PPAG. In addition, any athlete selected for a Bipartite slot will be
nominated to the team, if applicable. If an athlete is nominated to the team
through a Bipartite award and finishes in first place in the trials, the next highest
ranking archer who meets all eligibility requirements will be nominated to the
team. If a trials event was not held for a specific category per Section 1.1.4, USA
Archery will select nominees based on the Para National Ranking System as of
12/31/22.

- 2.6 Archers nominated to the PPAG Team must stay for a meeting with USA Archery staff immediately after the trials event, upon request.
- 2.7 If a nominated archer is unable to compete for the PPAG Team, USA Archery will select the next available archer based on the final Total Points from the PPAG- U.S. Team Trials selection process.
- 2.8 Athletes must maintain their performance level leading up to the PPAG and participate in mandatory training camps and competitions, if applicable.
- 2.9 Failure to participate in the mandatory training camps and competitions may result in USA Archery withdrawing the athlete's nomination to the NPC.
 - 2.9.1 If this situation occurs, USA Archery will nominate a replacement based on the process set forth in Section 4.

3. ADDITIONAL RULES REGARDING the PPAG U.S. TEAM TRIALS - SELECTION PROCESS

- 3.1 World Archery Rules apply to all components of the PPAG U.S. Team Trials.
