1. SELECTION SYSTEM

1.1 To be eligible for nomination to the World Archery Para Championships (WAPC) Team athletes must meet the following criteria:

1.1.1 Nationality/Passport requirements:

- i. To be eligible to participate as a member of a National Team in International Events, an athlete shall have a valid passport from the country of which they are a National Team Member and shall not have represented any other Member Association as a National Team Member for at least one year before the date of the competition.
- ii. If an athlete wants to compete for a National Team other than the one for which they hold a valid passport, they shall have resided in the new country for at least one year before the date of the competition and shall have the written permission of the Member Association, if any, of the country from which they have a valid passport.
- iii. An athlete who has changed their nationality, or acquired a new nationality, will need to notify World Archery of the change before they compete internationally representing USA and may not represent the USA until one year after such a change or acquisition.
- iv. An athlete who has a valid passport of two or more countries at the same time may represent either of them, as they choose. They shall, however, meet the conditions laid down in i. through iii. above.

1.1.2 Other requirements (if any):

- i. **Athlete must hold a valid passport that will not expire for 6 months after the conclusion the event.** The passport must be presented to USA Archery no later than the Accept/Decline process.
- ii. At the time of nomination an athlete must be internationally classified with either a 'Confirmed' sport class status or a 'Review' sport class status with a review date after December 31, 2023. **Athletes participating in an emerging division (less than 3 internationally classified archers registered for the U.S. Team trials) may participate in the U.S. Team Trials with a national classification, however, they must obtain international classification prior to the World Archery Para Championships event to compete per World Archery rules.** A description of sport-specific classification requirements and current international athlete sport class status can be found at the World Archery website at <http://www.archery.sport/>.
- iii. Athletes will need to register for the WAPC - Trials event and related USAT events, if applicable, in the appropriate Para category by the registration deadline. If less than 3 archers are registered in a Para category for the WAPC - Trials event by the registration deadline, the archers in that category will not need to attend the WAPC Trials event and must instead submit an Intent to Compete Form by the Trials Event registration deadline.
- iv. Athlete must successfully complete all trials and event registration requirements and pay associated trials and event fees by stated deadline(s).
- v. Athlete must be a member of USA Archery in good standing.
- vi. Athlete must have met any required minimum scores and age requirements set by USA Archery or World Archery.

- vii. Any athlete age 18 or older will be required to undergo a USA Archery background screen.

- ix. Athletes must comply with all health and safety protocols set forth by World Archery and/or the local organizing committee.

1.1.3 Tryout Events:

- Stage #1 Trials Event: 2023 USAT Event #1
- Stage #2 Trials Event: 2023 USAT Event #2
- Stage #3 Trials Event: 2023 Stand Alone Event following 2023 USAT Event #2

A stage is defined as a single trials event which will include a qualification round or round robin matches.

1.1.3.1 All event names, dates and locations will be announced at least 45 days prior to the event and will be posted on the USA Archery website at [www.usarchery.org](http://www.usarchery.org).

The Stage #1 Trials Event will be an open event and athletes will need to meet all necessary registration requirements and deadlines specified, as well as complete all other required forms, including the intent to compete form, prior to the start of competition.

Registration for the WAPC Trials event will open at least 60 days prior to the start of the Stage #1 Trials Event and the deadline for completing trials registration will be posted at [www.usarchery.org](http://www.usarchery.org) with the registration materials. Late registration is allowed until the date specified in the registration materials with an additional late registration fee. The trials registration fee will cover all three trials events (i.e., Stages #1- #3), but not the corresponding events with which the trials may be held in conjunction with (i.e. USAT events). If any USA Archery and/or USOPC rules, policies and procedures are updated between stages, athletes will be provided with the relevant documents and will be required to sign an updated intent to compete form, including agreeing to abide by and be bound by those rules, policies, and procedures as a condition of participation.

- 1.1.4 Provide a comprehensive, step-by-step description of the method that explains how athletes will go through the selection process.

Per World Archery, the maximum team size is three (3) men, and three (3) women per division, for a maximum total team size of 6 athletes per category (i.e. Recurve Open, Compound Open and W1).

The trials process is defined in Appendix A (see V.I. exception in 1.1.5 below).

- 1.1.5 Visually Impaired (VI) Registration Exception- Divisions not contested at the Paralympic Games to include V.I. 1 and V.I. 2/3 will not need to participate in the WAPC Trials. However, V.I. athletes will be required to provide proof of meeting the minimum MQS within the 12 months prior to May 15th, 2023, at a USA Archery sanctioned state, national, or international event as set forth below in Table 1 to be eligible for the WAPC team. If less slots are available than the number of athletes classified who meet the MQS requirement, athletes (and replacement athletes) will be selected in order of highest to lowest MQS. V.I. archers must submit an Intent to Compete Form for the WAPC by the trials event registration deadline. The number of VI slots will be determined by the local organizing committee.

N/A

2.2 List the discretionary criteria and explain how they will be used (if any):

N/A

2.3 Provide the name of the committee that will be responsible for making discretionary selections, along with a complete list of the members' titles currently serving on the committee:

N/A

2.3.1 All members of the selection committee must comply with USA Archery's conflict of interest policy, to include completing and submitting a disclosure form for review by USA Archery's Ethics Committee prior to convening the committee. Any member of the selection committee who has an actual, possible, or perceived conflict of interest must disclose it to the USA Archery Ethics Committee prior to the start of the selection process and/or recuse themselves from the review process and/or voting. A conflict of interest exists when a personal, family, financial, professional, club, team or business interest of the committee member poses a direct or indirect relationship, connection, or affiliation, past or present, with an athlete in contention for the applicable team selection that could compromise the committee member's ability to participate in the selection process in an unbiased manner. If a conflict exists, the USA Archery's Ethics Committee shall review the conflict and determine the committee member's level of involvement (e.g., whether that committee member must recuse themselves from participating in discussions and/or voting). For example, if it is determined that a committee member must recuse themselves from voting, the Ethics Committee may still determine that a committee member who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and so long as the committee member with the conflict of interest does not vote toward the final decision. The committee member must not otherwise influence other members of the committee in the selection process.

Additionally, any person (including any potentially impacted athlete or coach of a potentially impacted athlete) with a good faith belief that a committee member has a conflict of interest may report the alleged conflict of interest to USA Archery's Ethics Committee. Reports may be made anonymously. No committee member shall retaliate in any way against a person who, in good faith, reports an alleged conflict of interest.

Any recused individual shall be replaced in accordance with the USA Archery selection committee appointment process.

## 3. REMOVAL OF ATHLETES

3.1 An athlete who is to be nominated to the Team by USA Archery may be removed as a nominee for any of the following reasons, as determined by USA Archery:

3.1.2 Injury or illness as certified by a physician (or medical staff) approved by USA Archery. If an athlete refuses verification of their illness or injury by a physician (or medical staff) approved by USA Archery, their injury will be assumed to be disabling and they may be removed.

- 3.1.3 Failure to participate in Mandatory Training and/or Competition as defined in Section 8 of these procedures.
- 3.1.4 Re-classification by the IPC/World Archery such that the athlete's qualifying performance would not have qualified them for the Team.
- 3.1.5 Violation of USA Archery's Code of Conduct, Anti-Doping Drugs and Alcohol Policy, Sportspersonlike Conduct Policy, SafeSport Policy and Background Screen Criteria and Review Policy, Minor Athlete Abuse and Prevention Policy, Code of Ethics or other USA Archery policies and procedures located at [www.usarchery.org](http://www.usarchery.org).

An athlete who is removed from the Team pursuant to this provision has the right to a hearing per USA Archery's USA Archery's Bylaws, Section 15 and USA Archery's Disciplinary Proceedings and Grievance Policy and the USOPC's Bylaws, Section 9.

W1 Women Compound	629	614

1.6 **QUALIFICATION ROUND #1 and QUALIFICATION ROUND #2 - TOTAL POINTS**

Each archer's total points from Qualification Round #1 and Qualification Round #2 will be carried forward to Stage #3.

1.7 **QUALIFICATION ROUND TOTAL POINTS - TIEBREAKER PROCEDURES**

- 1.7.1 A tie in Total Points following the completion of Stage #2 for the 8th position will be broken with a single arrow shoot-off, in accordance with World Archery Rules 14.5.2. This process will be repeated until there is a winner.

If an archer qualifying for the Round Robin Matches withdraws prior to the start of the Round Robin Matches, the next highest ranked archer from the Total Points standings will be allowed to compete in Stage #3 and they will retain any respective Total Points.

1.9 **Stage 3: ROUND ROBIN MATCHES**

- 1.9.1 In the seven Round Robin Matches, each male athlete will shoot against each other male athlete once and each female athlete will shoot against each other female athlete once within their respective divisions (recurve open, compound open or W1).
- 1.9.2 Each Round Robin Match will be conducted using either a Olympic Round Match using Set-System scoring (three arrow ends, 2 minutes per end) for Recurve Open archers or a 15 arrow Compound Match Round with cumulative scoring (three arrow ends, 2 minutes per end) for Compound Open and W1 archers.
- 1.9.3 Round Robin Match Bonus Points – One point will be awarded for a win and zero points will be awarded for a loss, in each of the seven matches.
- 1.9.4 If an archer withdraws from the Round Robin Matches after competition has commenced, all archers will receive a win bonus point for the match shot against the withdrawn archer, regardless of whether they won or lost the match against the withdrawn archer.

1.10 **THREE-ARROW END AVERAGE**

- 1.10.1 Three Arrow End scores will be recorded for each match against other archers, per category, in Round Robin Matches.
- 1.10.2 Following the seven Round Robin Matches, archers will be ranked and awarded points according to their Three Arrow End Average for their scores shot during the Round Robin portion of the event.
- 1.10.3 The Three Arrow End Average will be rounded to the thousandth place.
- 1.10.4 End scores shot during bye matches will not be calculated in the Three Arrow End Average.
- 1.10.5 Points will be allocated according to the archer's Three Arrow End Average Ranking, as shown in Table 5:

**Table 5. Three Arrow End Average Ranking Points Distribution.**

<b>Ranking</b>	<b>Points</b>
1	10
2	8
3	6
4	5
5	4
6	3
7	2
8	1

- 1.10.6 If an archer withdraws from competition during the Round Robin Matches, archers who have shot against that archer prior to that archer withdrawing, will have their match score shot against the withdrawn archer count towards their Three Arrow End Average.
  - 1.10.6.1 Archers who did not shoot against the withdrawn archer prior to that archer withdrawing will receive a bye and will not score their ends shot in the bye match. These arrows shot in this situation will NOT count toward the archer's Three Arrow End Average.
  - 1.10.6.2 **See 3.5 for information regarding withdrawing from the event.**
- 1.10.7 If a tie exists between two or more archers in the Three Arrow End Average for the trials event, the tied archers will receive the same ranking and points associated with that ranking.
  - 1.10.7.1 The next lower ranked archer will receive the ranking *y* places down from the ranking of the tied archers where *y* is the number of archers tied. For example, if three archers tie for 2nd place score with the same Three Arrow Average, then those three archers will receive the 2nd ranking for the Three Arrow Average and will receive 8 points. The next lower ranked archer would be 5th ranked in the Three Arrow Average and receive 4 points.

## **2. WAPC – U.S. TEAM TRIALS – FINAL RANKINGS**

- 2.1 Archer's will receive a Final Rank based on their total cumulative points as follows: Qualification Round #1 ranking points + Qualification Round #1 bonus points + Qualification Round #2 ranking points + Qualification Round #2 bonus points + Round Robin Match win points + Three Arrow Average points. An archer's Final Rank will determine the order of selection to the WAPC team.
- 2.2. In the event of a tie for the final position on the team in the Final Rankings the tie will be broken using an Olympic Round Match using Set-System scoring (three arrow ends, 1 minute 30 seconds per end) for recurve open archers or a 15 arrow Compound Round Match with cumulative scoring (three arrow ends, 1 minute 30 seconds per end) for compound open and W1 archers.
  - 2.2.1 If more than two archers are tied for the final position on the team, the two archers with the highest three arrow average outlined in Section 1.10 will shoot for the higher-ranking position by shooting an Olympic Round Match using Set-System scoring (three arrow ends, 1 minute 30 seconds per end) for recurve open archers or a 15 arrow Compound Round Match with cumulative scoring (three arrow ends, 1 minute 30 seconds per end) for compound open and W1 archers.
    - 2.2.1.1. If more than 2 archers are tied for the highest three-arrow average, a single arrow shoot-off between the archers tied with the highest three-arrow average will be used to separate the tie and determine the two archers that will shoot against each other in the Olympic Round Match or the Compound Round Match. The single arrow shoot off will be repeated until the tie is broken.
- 2.3 In the event of a tie for all other positions, the tie will be broken by using the Three Arrow Average from the Round Robin portion of the trials event.
  - 2.3.1 The archer with the higher three arrow average as described in section 1.10 will receive the higher final ranking.

- 2.3.2 If a tie still exists, the tie will be broken with a single arrow shoot-off, in accordance with World Archery Rules 14.5.2.
- 2.4 Upon completion of the Round Robin Matches the Total Points become final.
- 2.5 Depending on the quota slots available, the three men and three women per division, for a maximum total team size of 6 athletes per category (i.e. Recurve Open, Compound Open and W1) who meet all eligibility requirements will be nominated to the U.S. team for the WAPC.
- 2.6 Archers nominated to the WAPC Team must stay for a meeting with USA Archery staff immediately after the trials event, upon request.
- 2.7 If a nominated archer is unable to compete for the WAPC Team, USA Archery will select the next available archer based on the final Total Points from the WAPC- U.S. Team Trials selection process.
- 2.8 Athletes must maintain their performance level leading up to the WAPC and participate in mandatory training camps and competitions, if applicable.
- 2.9 Failure to participate in the mandatory training camps and competitions will result in USA Archery withdrawing the athlete's nomination to the World Archery.
  - 2.9.1 If this situation occurs, USA Archery will nominate a replacement based on the final Total Points in that division in accordance with the WAPC U.S. Team Trials Selection Procedures.
