

2019 U.S. National 3D Collegiate Championship October 4-6th, 2019 Foley, AL

Facility:

Graham Creek Interpretive
Center 23030 Wolf Bay Dr.
Foley, AL 36535

Registration Information:

- Registration deadline is September 13, 2019, 5pm MT.
- Entry Fee: \$150 per archer
- All Cancellations subject to a 15% fee. Deadline to cancel with refund: September 13th.

Membership and Eligibility:

A current Individual USA Archery Collegiate, Adult, or Family [Membership](#) option is required to register for this event. If archers are affiliated with a university club team, that club must be a USA Archery Collegiate Archery Program Club in a Current status. Individual archers that are not part of a university club team may participate in the event, however if there are three (3) or more archers representing one school they will be required to form a USA Archery Collegiate Club prior to event registration.

All archers participating in the event must have a current (2019-20 School Year) [Collegiate Eligibility](#) certificate on file with USA Archery prior to registering for event. **Note: Schools must submit a complete Eligibility Form to USA Archery for the 2019-20 school year.** More information can be found at the link above.

Special Offer from ASA:

Lynx	21490	21491

National 3D Collegiate Championships Team Round

General Rules:

- The Saturday Mixed Team Shootdown is conducted in front of the spectators in an arena area
- Team Rounds are conducted at the tournament venue in front of spectators
- Team Captain may make substitutions no later than one hour before scheduled start of the Team Round
- Team Round is competed in 3ea 3-arrow ends shot on 3 separate sets of targets
 - Each team will shoot its own targets
 - Identical targets will be set at identical distances (known) for each end
 - Teams will shoot each end simultaneously
 - At the end of the match the team with the highest aggregate score advances and the defeated team retires from the field of play
- Teams shoot and score their match targets through the Bronze Medal match using double scoring and must agree on the score before arrows are pulled from the target
- The 14-ring is in play during the Team Rounds
- Any arrow pulled from a target before the score is agreed upon is scored as a zero
- Groups must score the arrows for each round. Any dispute must be settled by the group and final arrow scores determined before pulling any arrows from the target.
- Bronze Medal Matches are shot simultaneously and scored by the teams
- Gold Medal Matches are shot simultaneously and scored by the teams

- Archers may not compete in a different division for team rounds or mixed team rounds than qualification rounds. There is no “small team” exceptions and different bow types may not be combined to create a team.
- **Team Round:**
 - 3-person teams in each class
 - Field will be cut to the top 8 teams and competition will start in the 1/4th round
 - Top 3 competitors from each school are automatically selected for competition in each class
 - There must be at least 2 Teams to constitute a competition for award
 - If there are only 3 teams, the Team with the lowest aggregate score will automatically be awarded the Bronze Medal and the two higher placing Teams will compete for Gold and Silver Medals

Saturday Night Mixed Team Round (This event is counting towards awards):

- There must be at least 2 Teams to constitute a competition for award
- Each school may participate with one team of 3 archers
- Schools select their own teams
- The teams will have three different types of bows:
 - At least 1 compound bow (only one Open and/or one Hunter per team)
 - At least 1 Olympic and/or Barebow (only one of each)
 - At least one female archer on each team
- 2 Stakes will be set, one at a 45-yard max and one at a 30-yard max (known distance)
- All compound bows will shoot from the 45-yard max stake and all recurve/barebow will shoot from the 30-yard max stake
- Back stake archers will shoot first followed by the front stake archers. Teams must shoot 3 arrows in 4 minutes from the signal to start. This allows teams with 2 compound bows time to finish shooting if there are teams with 2 recurve type bows shooting from the close stake
- Each team will shoot one arrow per archer at 5 targets in rotation
- Teams decide by coin toss or other method which side they will shoot from and will continue to shoot from that side throughout the event
- Start will be a “shotgun” start
- Teams that start on targets other than #1 will rotate out and queue up, waiting their turn for target #1 so they may shoot the remainder of the targets
- 5 pairs of targets will be set so that there are 10 teams shooting simultaneously providing for double scoring
- Aggregate scoring will be used to determine winners. First total score, then number of bonus rings. If there is a tie in score and bonus rings for 1st place there will be a 1-arrow, closest to the bottom 12 shoot-off to determine the winner. Each team member will shoot one arrow in rotation and the score and distance of the closest arrow to the center of the lower 12 will be measured. The team with the highest score or the arrow closest to the

center of the lower 12, in case of a tie score and tie in bonus rings, will be the winner.

Tournament Rules:

*This event will be conducted according to 2020 ASA Pro/Am Rules of Competition. The event will follow ASA Equipment Rules. The USA Archery Dress Code Policy will be enforced and any exceptions to the 2020ASA Pro/Am Rules of Competition are in the chart below.
