Accreditation and Payment

USA Archery will issue international event accreditations to Personal Coaches up to the maximum number of accreditations allowed and available to USA Archery. Requests for personal coaches will be accommodated on a first come first serve basis until the number of available accreditations has been exhausted.

Delegation Event Exceptions:

OLYMPIC GAMES: Personal Coach requests for access to the Olympic Games High Performance Training Center will be prioritized and offered to athletes by order of their individual U.S. Olympic Trials final ranking placement. If an odd number of credentials are available, gender parity will be prioritized followed by the athlete with the highest total cumulative points in the U.S. Olympic Trials regardless of gender.

PARALYMPIC GAMES: Personal Coach requests for access to the Paralympic Games High Performance Training Center will be prioritized and offered to athletes who have a Shooting Assistant designated on their Para Classification Card, followed by W1 athletes who require a Personal Care Assistant.

All Personal Coaches will be required to follow the guidelines set forth in this policy. If accreditations are available and the Personal Coach meets eligibility requirements, the Personal Coach will be contacted by USA Archery and asked to accept or decline the request within five business days. USA Archery will provide the personal coach with a non-refundable invoice for all applicable event costs (excluding airfare). This invoice must be paid in full prior to the event or your event registration will be canceled and by default your associated event accreditation, hotel reservation, ground transportation and meal plan. Personal Coaches will be fully responsible for any cancellation fees USA Archery accrues.

International Event Personal Coach Terms and Conditions

1. Athlete travel and training schedules will be set by the USA Archery Coaching Staff and/or Team Leader for the duration of the event. This includes but is not limited to travel itineraries, ground transportation, hotel accommodations, mealtimes and locations, team meeting times and locations, sport performance services, training schedules and team activities. All athletes and personal coaches will be required to abide by the schedules and rules set forth by USA Archery at all times.
2. The selected USA Archery team coaching staff will serve as the primary coaching staff. Athletes can request a Personal Coach by voicing their request to the Head Coach, Assistant Head Coach and/or Team Leader. The Head Coach, Assistant Head Coach and/or Team Leader will appoint a Personal Coach and communicate this decision to the athlete and the Personal Coach. In all instances, the Personal Coach selected must be accredited. USA Archery may at its discretion, upgrade an athlete's credential to a coach credential onsite at the request of an athlete if credentials are available.
3. At the event the Personal Coach will serve only to assist the individual athlete who requested them and will not engage in unsolicited coaching, coaching negotiations with other athletes, or otherwise disrupt the USA Archery training schedule, event or other athletes in any way. **If the behavior of the Personal Coach creates any issues for one or more athletes or USA Archery selected International Team Staff, the Head Coach, Assistant Head Coach and/or Team Leader will counsel the Personal Coach. The Head Coach, Assistant Head Coach and/or Team Leader may deny the Personal Coach access to the field of play or remove their credentials at any time for behavior perceived to be detrimental to team performance and/or violations of World Archery or USA Archery policies, procedures or rules. USA Archery will not be responsible for any costs the personal coach may accrue due to loss of a credential to include but not limited to event access, ground transportation and/or meals.**
4. All Personal Coaches who have accreditation will generally be allowed on the field of play for unofficial practice. Personal Coaches will only be allowed on the field of play for official practice, qualification, elimination rounds, mixed and/or team rounds, or medal matches if the Personal Coach is accredited, requested by the athlete and approved by the Head

Coach, Assistant Head Coach and/or Team Leader. If there are not enough open positions on the field of play at any given time for all accredited Personal Coaches, the Head Coach, Assistant Head Coach and/or Team Leader will decide which accredited Personal Coaches will be allowed on the field of play. The Head Coach, Assistant Head Coach and/or Team Leader will attempt to find equal time for all Personal Coaches to work with their athlete based on the competition schedule. In situations where there are fewer open positions than accredited Personal Coaches, the Head Coach, Assistant Head Coach and/or Team Leader will select the accredited Personal Coach(s) who may access the field of play until the maximum number of allowed staff members is reached.

ACCESS WHEN THERE IS ONLY A TEAM LEADER PROVIDED

All policies listed above are still in effect. All approvals will come from the Team Leader instead of the Head Coach.
