Steps to Request Exemption

Prior Knowledge/Non-Emergency Situation

1. In the event that the athlete has prior knowledge that they will not be able to compete in the required event due to military service, death in the immediate family, serious injury, or representing U.S. Archery at a World Championship/Olympic Games-level event described above, the athlete should notify USA Archery at highperformance@usarchery.org as soon as possible.
2. Please submit a written formal request with an explanation and supporting documentation for missing the required event to USA Archery at highperformance@usarchery.org. Supporting documentation would include a physician's report, a copy of military orders, etc. The formal request should be submitted prior to the required event if possible.
3. The request will then be reviewed by the Review Committee.
4. If the request is submitted more than 72 hours before the start of the required event, the request will be approved or denied within 48 hours of receiving the completed request.

Emergency Situation (Within 24 Hours of the Event)

1. In the event of an emergency situation (military orders, death in the immediate family, or serious injury), notification of the inability to compete at the required event must be emailed to USA Archery at highperformance@usarchery.org no later than 24 hours after the start of the event.
2. Submit a written formal request with an explanation and supporting documentation for missing the required event to USA Archery at highperformance@usarchery.org. Supporting documentation would include a physician's report, a copy of military orders, etc. The formal request must be submitted no more than seven days after the conclusion of the required event.

3. The request will then be reviewed by the Review Committee.
4. The request will be approved or denied within two weeks of receiving the completed request.

Point Calculations Explained

If an athlete’s request to miss a required event is approved by the Review Committee points will be calculated as follows:

SENIOR/PARA:

Any approved absence from the required event will result in allowing the athlete to substitute their 3rd best NRS National Event Placement Points in place of the NRS Event Placement Points for the required event that was missed. The substituted 3rd best NRS Placement Points will remain in place of the required event NRS Placement Points until the conclusion of the required event the following year.

JUNIOR, CADET, MASTER

Any approved absence from the required event will result in allowing the athlete to substitute their 3rd best USAT Qualifier Series Event. USAT Ranking Points will remain in place of the required event through the remainder of that year.

BAREBOW

Any approved absence from one of the required events (limited to a maximum of one event per person per year) will result in allowing the athlete to substitute their 2nd best mandatory USAT score for the missing mandatory event score. USAT Ranking Points will remain in place of the required event through the remainder of that year.

Here are some examples of what this would look like given the excused absence was approved.
