 - a. Members of the National Field Archery Association (NFAA) may participate in the USA Archery Target Nationals and USAT Qualifier Series Events without a USA Archery membership, however, a valid USA Archery membership is required at the time of the event(s) to receive USAT Ranking Points and to be named to USAT and for the duration of USAT appointment.
2. All members named to USAT must pass and retain a current green light USA Archery Background Screen and complete and retain a current U.S. Center for SafeSport training for the duration of their USAT appointment.
3. All members named to USAT will be required to sign a USA Archery Athlete Agreement by the required deadline. Failure to sign the Athlete Agreement will be deemed as declining their nomination to the team.

Failure to meet the requirements set forth in 2. and 3. above will result in loss of USAT benefits.

Eligibility Guidelines

1. USAT Ranking is provided for USA Archery members in good standing who have a valid U.S. passport. If an archer does not have a valid U.S. passport, they must have resided in the USA for one year while they are allowed to achieve ranking points and after the end of that year, they need to obtain written permission of the Member Association, if any, of the country from which they have a valid passport. An archer who has changed their nationality, or acquired a new nationality, will need to notify World Archery of the change before they compete internationally representing USA and may not represent the National Team of USA until one year after such a change or acquisition.
 - a. Foreign athletes and athletes actively competing internationally for other countries will not receive ranking points from any USAT Series event, to include JOAD Target Nationals, Target Nationals and the U.S. Open and will be removed from the USAT rankings and national rankings.
2. If an archer declines their initial nomination to USAT, the next ranked archer in the same division who meets all eligibility requirements will be notified of their appointment to the team and will be required to sign an Athlete Agreement. This offer will not be extended to any archer other than the first alternate.
3. If an archer's USA Archery membership is suspended and/or terminated, or if an archer is suspended from the team, the archer's place on the team will not be replaced. Additionally, the archer's benefits will not be passed on to another archer.
4. Archers may only receive a national rank in one age class except as documented in 5. below.

5. Para archers may earn ranking points toward the Para NRS and the Senior NRS or other age appropriate USAT ranking. **However, to do so Para archers may only compete in the Elimination Rounds for Senior, 50+, U21 or U18 at a USAT event if the qualification round for both the Para and the other USAT age category is held on the same field, at the same time, under the same conditions.**
