Updated: September 2021

POLICY STATEMENT

USA Archery (USAA) is committed to maintaining work, training and sports environments where USAA athletes are able to attain their peak performance and USAA directors, officers, employees and volunteers are able to work both safely and responsibly. USAA believes that the consumption and/or abuse of alcohol and controlled substances is detrimental to a healthy state of mind, body and spirit in athletic competition and at work and is therefore committed to alcohol and drug-free work, training and sports environments.

As a member organization of the U.S. Olympic & Paralympic Committee, USAA and its members are required to comply with all anti-doping policies, procedures and protocols of the International Olympic Committee (IOC), International Paralympic Committee (IPC), World Archery, World Anti-Doping Agency (WADA), United States Anti-Doping Agency (USADA), and the United States Olympic & Paralympic Committee (USOPC). The list of banned substances, policies and procedures, and protocols may change from time to time and it is the member’s obligation to stay informed about these changes.
